## About the Academy

The Hong Kong Academy of Medicine (Academy) was formally established under the Hong Kong Academy of Medicine Ordinance (Cap 419), to address the need for postgraduate medical and dental education and training in Hong Kong.

The Academy is an independent institution with statutory power to organise, monitor, assess and accredit all medical specialist training and to oversee the provision of continuing medical education in Hong Kong.

## Objects of the Academy

Objects of the Academy are:

- to promote the advancement of the art and science of medicine;
- to foster the development of continuing medical education;
- to promote integrity, ethical conduct and standards in the practice of medicine and its specialties;
- to promote the improvement of health care for Hong Kong citizens;
- to foster a spirit of cooperation among medical practitioners; and
- to facilitate the exchange of information and ideas in medicine and matters concerning the medical profession.

## 關於醫專

香港醫學專科學院（醫專）根據《香港醫學專科學院條例》（第419章）正式成立，以滿足社會對大學本科以上程度之醫學及牙科教育與培訓的需求。

醫專乃一所獨立的法定機構，有權組織、監察及評核所有醫學專科訓練，並頒授有關資格，同時亦負責提供延續醫學教育。

## 醫專的宗旨

醫專的宗旨為：

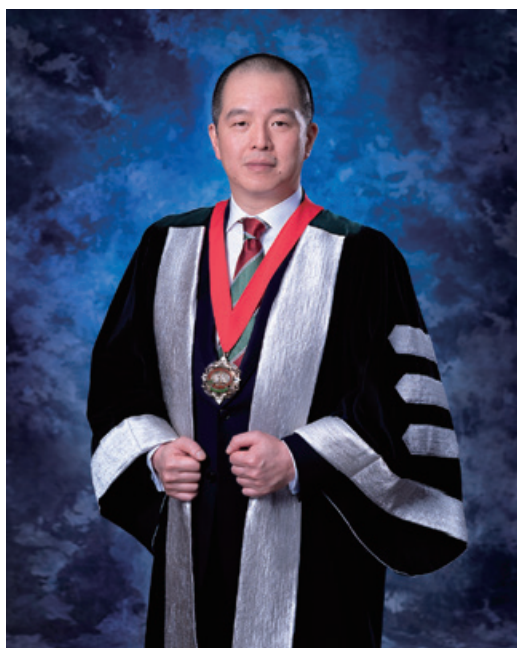

- 促進醫學技術的發展；
- 鼓勵延續醫學教育；
- 提高專業及道德操守與專科執業水平；
- 促進改善香港市民健康護理；
- 提升執業醫生之間的合作精神；以及
- 促進醫學資訊及意見交流。

## President's Foreword 主席序言

The Academy celebrates its 30<sup>th</sup> anniversary in 2023 with the theme 'Nurturing Specialists for 30 Years: Guarding the Health of the Community'. The slogan speaks for the Academy's sustained efforts in safeguarding standards of professional and ethical practices, and nurturing young leaders to look after the health and wellness of Hong Kong citizens. Taking this opportunity, we reflect what we have achieved, reiterate our core values, acknowledge the many efforts made and celebrate the milestones reached since 1993.

We look forward to sustaining the momentum and keeping up with exciting yet challenging developments that lie ahead.

香港醫學專科學院（醫專）於2023年慶祝成立三十周年。這次周年誌慶以「育才三十載，杏林澤香江」為主題，帶出醫專多年來一直致力維護專業和道德實踐水平、培育年青領袖，以照顧香港市民的身心健康。藉此機會，讓我們回顧自1993年以來取得的成就、重申醫專的核心價值、感激大家多年來的努力，並慶祝各項里程碑。

我們期望保持這股動力和步伐，迎接未來令人興奮而充滿挑戰的發展。

### Entering Another Development Stage Following Series of Changes

Following years of COVID-19 pandemic, Hong Kong has gradually resumed normalcy with the joint efforts of different stakeholders in the society. Medical professionals, being the frontliners fighting against the virus, deserve applause and great respect for their courage, professionalism and dedication. During the unexpectedly long-lasting public health emergency, the Academy has forged ahead with the Fellows and specialist trainees through the implementation of responsive measures in specialist training and continuing medical education / continuous professional development (CME / CPD). In the year 2023, the Academy enters its 30<sup>th</sup> year of playing the important statutory role of a gate keeper in maintaining standards of specialists. A series of celebratory and social activities have also been organised to connect with Fellows and specialist trainees. The Academy will continue to review the past and plan for the future, hoping to move forward to another development stage for discharging its statutory role through the advancement of specialist training, postgraduate medical education and medical specialist community as a whole.

### 跨越轉變 踏入發展新階段

在社會各界的共同努力下，香港從持續數年的2019冠狀病毒病疫情中逐步回復正常。醫護人員在前線奮力抗疫，他們的勇氣、專業和貢獻值得社會的掌聲和尊重。這次意想不到而持久的突發公共衛生事件中，醫專在專科培訓和延續醫學教育／持續專業發展方面實行對應措施，與院士和專科培訓學員前行。2023年，醫專踏入履行法定職能的第三十個年頭，就維持專科醫生水平擔任把關者的角色，並組織一系列慶祝和社交活動，匯聚院士和專科培訓學員。醫專將繼續回顧過去、規劃未來，寄望邁向另一階段，提升專科培訓、大學本科以上程度之醫學教育和加強專科醫生同業的聯繫，繼續履行法定職能。

## Enhancement of Postgraduate Medical Education for the New Era

Various aspects in medicine have undergone many changes alongside technology development and societal changes in recent years. In view of the demand on high medical standards and up-to-date clinical skills, the Academy initiated enhancement measures in specialist training and postgraduate medical education to uphold professional standards of specialist trainees and medical and dental specialists.

To set the direction for further development of postgraduate medical education, the Academy conducted a Strategic Planning Retreat on Education and Training in March 2023, pulling together representatives from 15 constituent Colleges to have constructive and thorough discussions. A number of important topics were covered, including CME / CPD, faculty development, trainer and examiner requirements in specialist training and quality assurance. A position paper, integrating consensus in the retreat and insights gained from the Tripartite Medical Education Conference early this year, would be published in September 2023. With this new position paper which renewed the Academy's previous position paper on postgraduate medical education published in 2010, the Academy aims to improve the existing guidelines and practices, and fill any gaps in response to the needs in today's medical community.

Through the provision of quality and well-rounded specialist training and postgraduate medical education, we hope to continue nurturing competent medical and dental specialists. Moreover, the position paper formed the basis for further development of the Academy's Hong Kong Jockey Club Innovative Learning Centre for Medicine (HKJC ILCM), which celebrates its 10<sup>th</sup> anniversary this year, by extending its functions to cover wider and more comprehensive scope in provision of postgraduate medical education in Hong Kong.

Externally, the Academy has also been collaborating with different local and overseas counterparts to advance its objective to promote excellence in postgraduate medical education. We signed a Memorandum of Understanding (MOU) with the Chinese Medical Association and renewed the MOU with the Korean Academy of Medical Sciences in this reporting year.

## 迎接新時代 提升大學本科以上程度之醫學教育

近年，隨着科技發展和社會變遷，不同醫學領域都產生變化。有見社會對醫療水平和嶄新臨床技術的需求日益增加，醫專在專科培訓和大學本科以上程度之醫學教育方面不斷提升和優化，致力維持專科培訓學員和醫學及牙科專科醫生的專業水平。

為訂立進一步發展大學本科以上程度之醫學教育的方向，醫專於2023年3月舉行教育及培訓策略規劃集思會，與十五間分科學院代表進行具建設性而深入的討論。集思會涵蓋多個重要主題，包括延續醫學教育／持續專業發展、師資發展、有關專科培訓導師和考官的要求和質素保證。醫專整合這次集思會取得的共識及於今年年初的三方醫學教育會議獲得之見解，撰寫一份立場書，並計劃於2023年9月發布。這次亦是更新了2010年時所發表的大學本科以上程度之醫學教育立場書。透過新立場書的闡述，醫專旨在優化現行的指引和實踐，並填補不足，以滿足現今醫學界的需要。

我們希望透過提供具備質素和全面的專科培訓和大學本科以上程度之醫學教育，繼續培育專業的醫學及牙科專科醫生。此外，立場書為醫專轄下的香港賽馬會創新醫學模擬培訓中心（模擬培訓中心）的進一步發展奠定了基礎。模擬培訓中心今年成立十週年，將擴展其功能以涵蓋更多、更全面的大學本科以上程度之醫學教育領域。

對外事務上，醫專與本地和外地不同的相關機構合作，以推動大學本科以上程度之醫學教育的卓越發展。在報告年度內，我們與中華醫學會簽署合作備忘錄，並與韓國醫學科學院續簽合作備忘錄。

Early this year, the emergence of ChatGPT and other generative AI tools, raised concerns in the education sector and extensive discussions. To offer its specialist trainees with clear stance about using related technological tools, the Academy developed and launched the 'Policy on using Large Language Model (LLM) or similar technologies in written assignments of specialist trainees' in August 2023. The policy provides guidelines to specialist trainees to observe when completing written assignments for examination or assessment purposes. Further guidelines relating to ethical use of AI tools in clinical settings would be developed by the relevant task force under the Professionalism and Ethics Committee (PEC) in the coming year.

## Launch of Online Learning and Teaching System

After the COVID-19 pandemic, online platform has become one of the popular channels for learning and teaching as it offers greater flexibility and supports learner autonomy. In view of this, the Academy launched the Learning Management System (eHKAM LMS), together with a new eHKAM Portal that integrates various online systems or useful functions, in October 2022 to provide e-Learning resources and virtual learning experience. Fellows can track their training progress, review recordings of CME / CPD activities organised by the Academy, complete CME / CPD quizzes and other useful functions. Self-study can be conducted anytime and anywhere with digital devices and internet access, and coverage of Academy's CME / CPD activities can be maximised even when Fellows cannot attend the event on the scheduled date. Other than bringing convenience to learners, trainers are also given options to deliver their courses online that may reach more target audiences. By leveraging this new LMS platform, the Academy introduced an online training course for expert witnesses, with the support from the Centre for Medical Ethics and Law of The University of Hong Kong, the Hong Kong Bar Association, the Hong Kong Advocacy Training Council, the Law Society of Hong Kong and the Medical Protection Society. The course would continue to be open for registration, aiming to facilitate more Fellows and specialist trainees who are interested in the field to gain the necessary knowledge and skills from relevant professionals.

The newly completed Digital Production Studio was now in operation on 3/F of the Academy Building. The fully-equipped studio facilitates the Academy, Colleges and Fellows to develop online learning and teaching resources, as well as conducting webinars.

本年初，聊天生成預訓練轉換器ChatGPT等生成式人工智能工具成為焦點，引起教育界的關注和廣泛討論。為了向專科培訓學員表明醫專對使用相關工具的立場，醫專於2023年8月制定並推出一套「使用大型語言模型或相關技術輔助寫作作業」的指引。該指引讓專科培訓學員在準備考試或評核作業時遵循。專業及道德倫理委員會下的相關工作小組明年會進一步制定有關於臨床環境中合乎道德倫理規範下使用人工智能工具的指引。

## 推出網上教學平台

2019冠狀病毒病疫情後，網上平台成為學習和教學的主要渠道之一，它提供更高的靈活性，同時支持學習自主。有見及此，醫專於2022年10月推出醫專學習管理系統及整合各項網上系統或實用功能的綜合性資訊管理系統「eHKAM」，提供電子學習資源和虛擬學習體驗。院士可追蹤自己的培訓進度、重溫醫專所組織的延續醫學教育／持續專業發展活動的錄像、進行延續醫學教育／持續專業發展測驗，以及使用其他實用的功能。院士只需透過電子設備和網路，便可隨時隨地進行自學。此外，即使院士無法在活動當天參加活動，亦可以在平台重溫錄像，讓延續醫學教育／持續專業發展活動的覆蓋率得以擴大。除了為學習者帶來便利，培訓導師亦可選擇在網上提供課程，將課程傳遞至更多潛在的參加者。醫專善用學習管理系統的優勢，並在香港大學醫學倫理與法律研究中心、香港大律師公會、香港訟辯培訓學會、香港律師會和醫療保障協會的支持下推出專家證人線上培訓課程。此課程會持續接受報名，讓更多對該範疇感興趣的院士及專科培訓學員從相關專業人士的經驗中，獲得所需的知識和技巧。

位於醫專大樓三樓、新落成的數碼工作室現已投入使用。設備齊全的工作室有助醫專、分科學院和院士開發網上學習和教學資源，以及舉辦網上研討會。

## Continued Efforts to Develop Professionalism and Ethics

In this reporting year, the Academy, with devoted efforts of the Professionalism and Ethics Committee (PEC), published the Best Practice Guidelines on the Use of Social Media by Doctors and Dentist. The Best Practice Guidelines for Expert Witnesses would be issued in October 2023.

Since the establishment of PEC in March 2019, 14 events were completed with a total number of participations exceeding 3,700. The Academy is delighted to gain support from various experts from government bodies, institutions, and organisations such as the former Food and Health Bureau, Department of Justice (DoJ), Department of Health, Hospital Authority (HA), Li Ka Shing Faculty of Medicine of University of Hong Kong (HKUMed), Hong Kong Bar Association, the legal profession and patient group. The events were also graced by the presence of renowned international and local speakers.

To encourage and support research in genetic and genomic medicine by young Fellows or higher specialist trainees, the Academy jointly introduced the HKAM-HKGI Research Excellence Grants in Genomic Medicine with the Hong Kong Genome Institute in May 2023. The grant would be awarded annually and the Academy looks forward to the continuity of the grant in order to sustain medical research development in the future.

The number of PEC Task Force groups has expanded from 4 to 6 in response to the fast-changing medical environment. The Academy is pleased to witness the growth of Professionalism and Ethics with tireless efforts from our passionate Fellows and different stakeholders. Other than the Academy's work, we are also concerned about related issues in the community. In early 2023, the Academy noted the decision to prosecute two doctors for manslaughter over the death of a patient in 2017, which drew much attention and concerns in the medical professional communities and the public. To seek clarification on the prosecutorial policy, the Academy sent a letter to DoJ, and raise relevant suggestions with consideration of the Academy's views and peers' concerns. Although the case was dropped in late August 2023, the Academy would stay updated to these medico-legal-related issues, and see if Academy has to take any actions as appropriate.

## 持續發展專業及道德倫理領域

在本報告年內，醫專發布一份《醫生和牙醫使用社交媒體的良好作業指引》。在此感謝專業及道德倫理委員會一直不遺餘力。專家證人的良好作業指引將於2023年10月發布。

專業及道德倫理委員會自2019年3月成立以來，已完成十四場活動，總參與人數逾三千七百人。醫專很榮幸得到來自各政府部門、不同的院校和機構之專家的支持，如前食物及衛生局、律政司、衛生署、醫管局、香港大學李嘉誠醫學院、香港大律師公會、法律界及病人組織。這些活動亦獲得國際和本地醫學界專家支持並出任講者。

為鼓勵和支持年青院士或高級專科培訓學員在遺傳和基因組醫學方面的研究，醫專於2023年5月與香港基因組中心聯合設立香港醫學專科學院—香港基因組中心基因組醫學卓越研究獎，每年會進行評審並頒發獎項。醫專期望此研究獎得以延續，以支持醫學研究的長遠發展。

專業及道德倫理委員會轄下的工作小組已由四個增至六個，以回應瞬息萬變的醫療環境。醫專很高興見證熱心的院士和不同持份者的共同努力，讓專業及道德倫理這個範疇得以發展。除了內部工作，我們亦關注社會相關議題。2023年初，醫專得悉一宗兩名醫生因2017年一名病人死亡而遭起訴誤殺的案件。此案件引起醫學界和公眾的廣泛關注和擔憂。為釐清檢控政策，醫專致函律政司，並就我們的立場和同儕的憂慮提出相關建議。儘管案件於2023年8月底撤銷，醫專會繼續了解社會上與醫學法律相關的事件，在適當的情況下回應或採取適切的行動。

## Promoting Doctor's Well-being via Professional and Social Activities

With continued promotion of the well-being initiatives, over 40 Fellows, from both public and private practice, have registered as Peer Supporters under the Peer Supporter Scheme. In addition, 6 sessions of quality mental health training programme 'Mindfulness Induction Group' were held since the launch of Well-being Charter in late 2021. We will continue to organise different kinds of events that promote physical and mental health of our Fellows at all ages. The recruitment of Peer Supporters is ongoing, and I hope more Fellows would join to help strengthen the medical / dental specialist community.

During the reporting year, the Social Subcommittee also organised various wellness-enhancing activities to support Academy's advocacy of promoting doctors' well-being. In addition to tea gatherings and golf tournament, an organic farm visit was arranged to encourage Fellows and specialist trainees to connect with the nature and spend leisure time with their families. The Subcommittee also invited an Olympic athlete to share some inspirational experiences with Fellows and trainees on how to face challenges in life and manage stress, followed by a barbecue dinner, offering an opportunity for participants to connect with other colleagues. The event attracted both online and onsite participants with positive responses. We look forward to more synergies between the Task Force on Well-being and Subcommittee, working together for the betterment of doctors' well-being in the coming future.

## More engagement of Young Fellows Chapter

The Academy appreciated the continued efforts of Young Fellows Chapter (YFC) in strengthening relationships between Fellows from different specialties through organising both social and educational activities. The production of 'Chicken Soup for the doctor's soul' and cross-specialty educational videos let viewers have more understanding on different specialties which helps enhance workplace communications. The Academy would keep rendering its support, and looks forward to more connecting activities organised by the YFC.

## 籌辦專業及社交活動 推動醫生身心健康

醫專持續推廣身心健康措施。現時，逾四十名、來自公營系統或私人執業的院士參與「同伴支持者計劃」，成為同伴支持者。此外，自2021年底推出《身心健康約章》，我們舉辦了六場「靜觀體驗小組」精神健康培訓課程。我們將繼續舉辦不同類型活動，促進不同年紀的院士之身心健康。同伴支持者的招募工作正在進行，我期望更多院士加入，攜手守護醫學／牙科專科醫生社群的身心健康。

報告年度內，社交小組委員會亦舉辦多項推動健康的活動，以支持醫專提倡促進醫生身心健康。除了茶聚和高爾夫球比賽外，小組委員會還籌辦有機資源回收中心與農田親子體驗日，鼓勵院士和專科培訓學員接觸大自然，與家人共度休閒時光。小組委員會亦邀請到奧運選手就如何面對生活挑戰和管理壓力進行分享，隨後的燒烤晚宴為參與者提供不少交流機會。這次活動吸引了網上和現場參與者，反應熱烈。我們期待身心健康專責小組和社交小組委員會之間發揮更多協同作用，為改善醫生身心健康共同努力。

## 更多年青院士分會的參與

醫專讚賞年青院士分會繼續透過舉辦社交和教育活動，加強不同專科的院士之間的關係。分會製作的「心靈雞湯」和跨專科教育影片讓觀眾更了解不同專科，有助加強院士的職場溝通技巧。醫專會繼續支持分會工作，並期待分會舉辦更多聯繫院士的活動。

## Admission of Specialist Trainees and Launch of Specialist Training Programme in Shenzhen

The SZ-HK Medical Specialist Training Centre has been furthering the development of specialist training programmes in Shenzhen. With the launch of training programmes of 4 specialties, namely, Clinical Oncology, Emergency Medicine, Nephrology, Obstetrics and Gynaecology, admission of the first batch of specialist trainees was conducted with 57 applicants enrolled. More than 100 trainers were also recruited to deliver these training programmes. To ensure the trainers' professional standards, 25 Train-the-Trainer courses / seminars have been organised so far. By the end of 2023, training programmes of 3 more specialties, Anaesthesiology, Neurosurgery, and Paediatrics, will be launched. We are pleased to see the significant progress, as well as receive generous support from the Shenzhen Government, related counterparts and Colleges for this large-scale initiative.

## Rising Influence of Hong Kong Medical Journal

An increase in impact factor of the Hong Kong Medical Journal (HKMJ) was recorded again from 3.125 in 2021 to 3.7 in 2022. Furthermore, the Academy Press planned to organise another series of research workshop next year riding on the success during 2021-2022. Application for funding was submitted, and the funding was preliminarily confirmed to be secured recently. We look forward to the subsequent development of HKMJ, as well as medical research and study among our Fellows and specialist trainees.

## Conclusion of HKJC DPRI

The Academy established The Hong Kong Jockey Club Disaster Preparedness and Response Institute (HKJC DPRI) in 2014 with the generous donation from The Hong Kong Jockey Club Charities Trust. In late 2022, HKJC DPRI proudly concluded its projects with different goals in promoting disaster preparedness and responses achieved in the two project phases. Throughout the past eight years, HKJC DPRI served more than 60,000 beneficiaries with at least 15 categories of activities in phase 1, and over 191,000 beneficiaries with more variety of initiatives in phase 2. I would like to take this opportunity to thank all predecessors and stakeholders for their unwavering support, making this initiative happened and completed with great success. This project would definitely be one of the important milestones in Academy's development, which demonstrates Academy's competency in mobilising resources and carrying out public education.

## 推展深圳專科培訓 招收專科培訓醫生

深港醫學專科培訓中心持續推動深圳專科培訓課程的發展。現時，中心已推行四個專科—臨床腫瘤科、急診科、腎內科和婦產科的培訓課程，並開展首批專科培訓學員的招生工作，共准入了五十七名申請者。同時，中心招募一百多名培訓導師，負責教授培訓課程。為確保培訓導師的專業水平，中心迄今舉辦了二十五場導師培訓課程／研討會。2023年底前，三個專科—麻醉科、神經外科、兒科的培訓課程亦會推出。我們樂見這大規模項目的進展顯著，並得到深圳市政府、相關機構和分科學院的大力支持。

## 香港醫學雜誌影響力持續增加

《香港醫學雜誌》的影響系數再度錄得增長，由2021年的3.125上升至2022年的3.7。此外，承接2021年至2022年的成功，醫專出版社計劃在明年再度舉辦醫學研究技能培訓工作坊系列。資助申請已提交至相關部門，並在近期初步確認獲得資助。我們期待香港醫學雜誌往後發展，以及在院士和專科培訓學員間推動醫學研究和學習。

## 香港賽馬會災難防護應變教研中心的工作圓滿完成

醫專在香港賽馬會慈善信託基金慷慨捐贈下，於2014年成立香港賽馬會災難防護應變教研中心(教研中心)。2022年底，教研中心完成這個項目，於兩個階段達到不同促進防災應變的目標。過去八年間，教研中心在第一階段至少舉辦十五類活動，讓超過六萬名人士受益。中心在第二階段提供更多種類的活動，受益人超過十九萬一千名人士。藉此機會，我衷心感謝所有創立和發展教研中心的醫生和持份者，他們的堅定與支持讓這個項目得以順利完成。這個項目會成為醫專發展的重要里程碑之一，充分體現醫專調動資源和開展公眾教育的能力。

## Celebrating the 30<sup>th</sup> Anniversary

Thanks to the solid foundation laid by generations of Fellows, the Academy is well developed today with mature organisational structure, specialist training programmes, as well as postgraduate medical education. To celebrate its 30-year achievements and accomplishments in 2023, the Academy launched an anniversary website to display invaluable old pictures and stories, as well as reports on different celebratory activities that united Fellows and specialist trainees on this memorable occasion.

### Educational events

The Academy co-organised the first-ever Tripartite Medical Education Conference, themed 'Actualising the Curriculum Continuum', with CUHKMed and HKUMed on 14-15 January 2023. Moreover, we initiated an exhibition about postgraduate medical education in Hong Kong at the Hong Kong Museum of Medical Sciences from 1 October 2023 to 31 December 2023. The Academy goes further with postgraduate medical education through the collaboration with counterparts and promotion of Academy to the public. A Quadripartite Medical Conference is in discussion with HA as the fourth participating party. An MOU is targeted to be signed among the four organisations in November 2023.

### Social and Sports-related events

With an aim to promote doctors' well-being for safe and high-quality patient care, the Academy organised some sports and social events including the Run / Walk Challenge in West Kowloon District, sunset walk with phonetography briefing session, and participated in this year's 'Earth Hour'. The golf tournament and Fun Day have been scheduled in November 2023 and the first quarter of 2024 respectively.

### Commemorative events

Several commemorative events were held to showcase the Academy's 30 years of history, which include an online audio-visual exhibition on the anniversary website and planting of a bodhi tree at the Academy forecourt. A grand Pearl Jubilee Gala Dinner will also be organised on 8 December 2023 to gather Fellows and friends of the Academy that participated or contributed to our affairs over the past years.

## 同慶醫專成立三十載

不同年代的院士努力為醫專建立穩固基礎。時至今天，醫專經過多年的發展，已建立成熟的組織架構、專科培訓制度以及大學本科以上程度之醫學教育。為慶祝成立三十週年的成就，醫專推出周年紀念網站，展示寶貴的相片和故事，以及有關團結院士和專科培訓學員的慶祝活動之花絮。

### 教育相關活動

醫專於2023年1月14至15日與中大醫學院及港大李嘉誠醫學院聯合舉辦首屆三方醫學教育會議，主題為「實踐醫學教育的連續性」。此外，我們在香港醫學博物館舉行有關本港大學本科以上程度之醫學教育的展覽，展期由2023年10月1日至2023年12月31日。醫專亦透過與相關機構合作和公眾宣傳，進一步擴展本港大學本科以上程度之醫學教育。醫專正探討醫管局成為第四個加入的組織、共同舉行四方醫學教育會議的可行性。我們期望促成四方合作，並於2023年11月簽署合作備忘錄。

### 社交及體育相關活動

為提升醫生身心健康，以提供安全及高質素的病人護理，醫專舉辦多項體育及社交活動，包括於西九文化區舉行跑步／步行挑戰、黃昏步行及手機攝影活動，並響應「地球一小時」的活動。而高爾夫球比賽和同樂日分別將於2023年11月和2024年首季舉行。

### 紀念活動

醫專舉辦多項展示三十年的歷史之紀念活動，包括在周年網站舉行網上影視展覽、在醫專大樓前院種植菩提樹等。我們將於2023年12月8日舉辦盛大的三十周年慶祝晚宴，匯集過往曾經參與醫專事務或作出重大貢獻的院士和友好團體代表。

I am thrilled and honoured to participate in all these meaningful and impressive events throughout the year, and would like to express my heartiest appreciations to my fellow colleagues, the 30<sup>th</sup> Anniversary Celebration Organising Committee and Secretariat for their hard work and collective efforts.

## The Way Forward

Three decades of history not only reflects the efforts paid and accumulated by predecessors but also act as a driving force to motivate further development in the years to come. Other than enhancing the provision of specialist training, CME / CPD as well as any aspects that matter with professional standards of medical / dental specialists, the Academy would continue to work with different stakeholders, including the Health Bureau, HA, local medical schools and other professional bodies, in embracing future challenges and opportunities regarding various healthcare-related issues such as manpower shortage in healthcare industry, primary healthcare, integration of the Greater Bay Area, new technology and evolving societal needs and expectations.

Prof. Gilberto Ka-kit Leung  
President

我很高興與榮幸能夠在年內參與各項別具意義和印象深刻的活動。在此，我謹向同儕、三十周年誌慶籌備委員會和秘書處的付出和共同努力致以衷心的謝意。

## 展望未來

三十年的歷史，不僅反映前人累積的努力與成果，亦是一股促進未來發展的動力。除了進一步優化專科培訓、延續醫學教育／持續專業發展，以及各項與專科醫生專業水平相關的工作，醫專將會繼續與不同持份者攜手合作，包括醫務衛生局、醫管局、本地兩家醫學院及其他專業團體等，迎接未來各種醫療相關的挑戰和機遇，包括醫療人手短缺、基層醫療發展、大灣區融合、嶄新科技，以及不斷改變的社會需求和期望。

梁嘉傑教授  
主席

## Members of the Academy Council

## Major Events of the Year 主要年度盛事

### Celebratory events of Academy's 30<sup>th</sup> Anniversary

#### Grand Launch of 30<sup>th</sup> Anniversary Celebration and Tripartite Medical Education Conference

The Academy celebrates its 30<sup>th</sup> Anniversary in 2023. To kick off the year-long series of celebration activities under the theme 'Nurturing Specialists for 30 Years: Guarding the Health of the Community', the Academy joined with Faculty of Medicine, The Chinese University of Hong Kong (CU Medicine) and LKS Faculty of Medicine, The University of Hong Kong (HKUMed), for the very first time in organising a two-day Tripartite Medical Education Conference 2023 on 14-15 January 2023.

The Grand Launch of the 30<sup>th</sup> Anniversary was held in conjunction with the opening ceremony of the Conference on 14 January 2023. Prof. Chung-mau Lo, Secretary for Health, the Government of the Hong Kong Special Administrative Region; Prof. Gilberto Ka-kit Leung, Academy President; Prof. Francis Ka-leung Chan, Dean, CU Medicine and Prof. Vivian Kwang-wen Lin, Acting Dean, HKUMed officiated at the ceremony. Academy's Council members and over 300 guests joined the event to witness the important milestone.

### 醫專成立三十周年慶祝活動

#### 香港醫學專科學院成立三十周年 啟動典禮及三方醫學教育會議

2023年是醫專成立三十周年。醫專以「育才三十載，杏林澤香江」為主題，舉辦一連串慶祝活動，並首度聯同香港中文大學（中大）醫學院及香港大學（港大）李嘉誠醫學院於2023年1月14日至15日，舉辦為期兩天的三方醫學教育會議。

醫專三十周年啟動典禮於2023年1月14日與三方醫學教育會議開幕典禮同時舉行。香港特別行政區政府醫務衛生局局長盧寵茂教授、醫專主席梁嘉傑教授連同中大醫學院院長陳家亮教授、港大李嘉誠醫學院署理院長林光汶教授、醫專院務委員會委員以及逾三百位嘉賓一同出席活動，見證這個重要的里程碑。

(From left) Prof. Francis Ka-leung Chan, Prof. Chung-mau Lo, Prof. Gilberto Ka-kit Leung and Prof. Vivian Kwang-wen Lin host the opening ceremony of the Tripartite Medical Education Conference.

(由左起) 陳家亮教授、盧寵茂教授、梁嘉傑教授以及林光汶教授主持三方醫學教育會議開幕典禮。

The Academy has been organising the Medical Education Conference annually with a focus on specialist training, while the two local medical faculties have been separately organising educational conferences from time to time. The three parties collaborated in organising the Tripartite Medical Education Conference 2023 for the very first time, around the main theme 'Actualising the Curriculum Continuum' focusing on undergraduate and postgraduate medical education.

醫專過往舉辦以專科培訓為主的年度醫學教育會議，而兩間醫學院亦分別舉辦不少與醫學教育相關的會議。醫專和兩間本地醫學院首次聯合舉辦此次三方醫學教育會議，以「實踐醫學教育的連續性」為題，成功建立一個平台連結大學本科及大學本科以上程度之醫學教育。

The Conference brought together local and overseas medical experts to share their experience and insights of the topic. The two-day conference included plenaries, symposia, debate session and workshop components. One of the key events was the roundtable discussion titled 'Ten Years Down the Line'. Academy President, Dean of CU Medicine, Assistant Dean (Clinical Curriculum) of HKUMed Dr. Pamela Pui-wah Lee, and Chief Executive of Hospital Authority Dr. Tony Pat-sing Ko, discussed medical education, specialty training, manpower planning and many more important topics.

這次會議邀請到本地及海外的專家分享經驗及交流心得。一連兩日的會議設有專題環節、座談會、辯論環節及工作坊，當中包括焦點活動、以「香港醫學教育未來十年的發展」為題的圓桌會議。醫專主席、中大醫學院院長、港大李嘉誠醫學院助理院長（臨床課程）李珮華博士以及醫院管理局行政總裁高拔陞醫生一同深入探討醫學教育、專科培訓、人力規劃等議題。

(From left) Dr. Yu-fat Chow, Prof. Chung-mau Lo, Prof. Gilberto Ka-kit Leung and Prof. Philip Kam-tao Li host the Grand Launch of Academy's 30<sup>th</sup> Anniversary, kicking off a series of celebration activities.

(由左起) 周雨發醫生、盧寵茂教授、梁嘉傑教授以及李錦滔教授一同主持醫專三十周年啟動儀式，為整年慶祝活動揭開序幕。

Guests gather to witness the important milestone of the Academy.  
嘉賓一同見證醫專成立三十周年這個重要里程碑。

The roundtable discussion titled 'Ten Years Down the Line' 「香港醫學教育未來十年的發展」為主題的圓桌會議

Another key event of the Conference was the Halnan Lecture. The Halnan Lecture is named after the late Dr. Keith E. Halnan, Chairman of the Working Party on Postgraduate Medical Education and Training, which made a recommendation to the Government in 1988 on the establishment of the Hong Kong Academy of Medicine with statutory power. Dr. Hing-yu So, Educationist of the Academy, was invited to be the speaker this year and shared his insights on the topic 'Postgraduate Medical Education: See One, Do One, Teach One...What Else?'.  
會議的另一焦點是哈倫講座。哈倫講座以已故醫學教育及訓練深造計劃工作小組主席何禮仁醫生命名，該工作小組於1988年向政府提出建議，成立具有法定地位的香港醫學專科學院。醫專教育專員蘇慶餘醫生獲邀擔任本次哈倫講座的演講嘉賓，題目是「Postgraduate Medical Education: See One, Do One, Teach One...What Else?」。

Dr. Hing-yu So delivers the Halnan Lecture. 蘇慶餘醫生擔任哈倫講座的演講嘉賓。

## Run / Walk Challenge

The first-ever Run / Walk Challenge, themed 'Health for All, Move Forward Together', was held successfully on 19 March 2023 at the Art Park, West Kowloon Cultural District.

Academy President Prof. Gilberto Ka-kit Leung hosted the event, and Dr. Johnny Kin-sang Lau, former Chairman of Academy's Young Fellows Chapter, delivered a welcome speech on behalf. The event was graced by the Secretary for Health of the Government of the Hong Kong Special Administrative Region Prof. Chung-mau Lo. Prof. Lo who officiated the opening ceremony delivered a motivating speech, emphasising the importance of physical fitness from a doctor's perspective. Prof. Lo and Prof. Leung sounded the starting horn together to kick-start the 5km Run. After a spirited race, winners of different challenge categories were announced as below:

### 5km Run 五公里跑步賽

#### Team 團隊賽

Ranking 名次	Winning Team 得獎團隊
Champion 冠軍	The College of Surgeons of Hong Kong 香港外科醫學院
1 <sup>st</sup> runner up 亞軍	The College of Dental Surgeons of Hong Kong 香港牙科醫學院
2 <sup>nd</sup> runner up 季軍	Hong Kong College of Emergency Medicine 香港急症科醫學院

#### Male 男子組

Ranking 名次	Winner 得獎者
Champion 冠軍	Dr. Kwong-ting Ho 何光庭醫生
1 <sup>st</sup> runner up 亞軍	Dr. Chun-yip Lai 黎俊業醫生
2 <sup>nd</sup> runner up 季軍	Dr. Sheung-chun Chan 陳上俊醫生

#### Female 女子組

Ranking 名次	Winner 得獎者
Champion 冠軍	Dr. Kit-ying So 蘇潔瑩醫生
1 <sup>st</sup> runner up 亞軍	Dr. Dorothy Yuen-yee Tang 鄧宛兒醫生
2 <sup>nd</sup> runner up 季軍	Dr. Karen Shee-yueng Hung 熊書揚醫生

## 跑步／步行挑戰

醫專於2023年3月19日在西九文化區藝術公園順利首度舉行以「醫專30邁向前」為題的跑步／步行比賽。

醫專主席梁嘉傑教授主持這次活動，並由醫專年青院士分會前主席劉健生醫生代表致歡迎辭。香港特別行政區政府醫務衛生局局長盧寵茂教授受邀主禮開幕儀式。盧教授在致辭間鼓勵參加者，並以醫生的角度強調健康體格的重要性。盧教授與梁教授於起跑點前共同鳴槍，為五公里跑步賽揭開序幕。經過一場激烈的比賽，各個組別的獲獎者如下：

主禮嘉賓以及醫專院務委員會委員

Invited guests witness the kick-off of the first ever 5km Run organised by the Academy.  
一眾嘉賓共同見證醫專首次舉辦的五公里跑步賽。

Congratulations to all the winners.

恭喜所有獲獎者。

Apart from the 5km Run, the Academy Fellows, specialist trainees and their families joined in for a 1km Fun Walk and enjoyed quality leisure time at the waterfront of the West Kowloon Cultural District.

除了五公里跑步賽外，醫專院士、專科培訓學員和其家人還參加了一公里步行，在這美麗的西九文化區海濱長廊享受與家人同樂的休閒時光。

Council members, invited guests and winners  
醫專院務委員會委員、一眾嘉賓與得獎者

## Goes Dark for 60 Minutes in Support of Earth Hour

The Academy supported the Earth Hour initiative for the first year, a world-wide campaign organised by World Wide Fund for Nature (WWF-Hong Kong), by switching off all lights (except those for safety and emergency purposes) for 60 minutes from 8:30pm on 25 March 2023. It pledged to start anew as a responsible stakeholder in the community and encouraged its constituent Colleges, staff and partners to take up green habits for advocating a sustainable lifestyle. The Academy will continue to participate in the Earth Hour initiative in the years to come, joining cross-sector partnership to make efforts in environmental protection.

## 熄燈六十分鐘 響應「地球一小時」

醫專首年參與由世界自然基金會發起的「地球一小時」運動，於2023年3月25日晚上8時30分關閉大廈內所有非安全及緊急用途的照明系統，承諾身體力行履行企業公民責任，鼓勵各分科學院、員工及夥伴實踐綠色生活習慣，奉行可持續生活方式。醫專將持之以恆，於來年繼續響應「地球一小時」運動，與各界攜手，協力保護環境。

Certificate of Appreciation presented by WWF-Hong Kong  
醫專獲世界自然基金會頒發的嘉許狀

## Enriching Life through Phonetography

Academy Fellows and specialist trainees were invited to a relaxing sunset walk along Lugard Road, a heritage trail well-known for spectacular vistas over Victoria Harbour, on 15 April 2023. An award-winning mobile photographer, Mr. William Shum, was invited to share practical skills to capture touching moments and unique scenes or subjects with mobile phones, enriching life and inspiring creativity of the participants.

## 攝出精彩人生

院士及專科培訓學員獲邀出席於2023年4月15日傍晚時分在盧吉道舉行的步行活動，該路段以維多利亞港的壯麗景色而聞名。醫專邀得獲獎無數的手機攝影師沈維立先生分享手機拍攝風景及人與物的技巧，以捕捉動人瞬間，激發創造力，為生活添上姿彩。

## More Exciting Activities to Come

In the fourth quarter of 2023, the annual Golf Tournament will be organised to encourage Fellows and specialist trainees to exercise for better health and fitness, both physically and mentally, which ultimately contributes to quality patient care. An exhibition will be held at the Hong Kong Museum of Medical Sciences to showcase the 30 years of medical / dental specialist education and training excellence. An online audio-visual exhibition titled 'A Flourishing Journey with HKAM' will present the past and present of the Academy, including interviews with Past Presidents.

Our finale in 2023 the Pearl Jubilee Gala Dinner will be a truly auspicious occasions to celebrate the Academy's achievements. Local and overseas guests will join to celebrate the milestone of the Academy, sharing the joyful moments together. A fun-filled and meaningful Fun Day has also been scheduled in the first quarter of 2024. Stay tuned for further updates.

## 29<sup>th</sup> Annual General Meeting

The Academy held its 29<sup>th</sup> Annual General Meeting (AGM) at the Lim Por Yen Lecture Theatre on 16 December 2022. The AGM received the report of Academy Council, the Honorary Treasurer's report, the audited accounts and balance sheet, and endorsed the appointment of auditors and admission of new Fellows.

## 更多精彩活動

在2023年第四季度，醫專將舉行一年一度的高爾夫球比賽，以鼓勵院士多做運動、改善身體和精神上的健康，最終有助提高醫療服務水平。醫專亦將於香港醫學博物館舉辦展覽，展示三十年來卓越的醫學專科教育和培訓成就。而隨之舉行、以「A Flourishing Journey with HKAM」為題的網上影視展覽將呈現醫專今昔。

2023年壓軸活動一三十周年慶祝晚宴將是醫專的盛典。醫專將與本地和海外嘉賓聚首一堂，慶祝歷年來的功績和三十周年這個重要里程碑，分享喜悅時刻。2024年第一季，醫專將舉辦充滿歡樂和甚具意義的同樂日。請繼續關注進一步消息。

## 第廿九屆周年全體大會

醫專於2022年12月16日在林百欣演講廳舉行第廿九屆周年全體大會(大會)。大會上通過院務委員會報告、名譽司庫報告和核數賬目、任命核數師，以及納入新的醫專院士。

(From left) Prof. Eric Wai-choi Tse, Dr. Wing-cheong Leung, Prof. Gilberto Ka-kit Leung and Prof. Martin Chi-sang Wong  
(由左起) 謝偉財教授、梁永昌醫生、梁嘉傑教授及黃至生教授

In accordance with the Hong Kong Academy of Medicine Ordinance, 6 Officers were elected to serve a two-year term of office until December 2024. Results were announced in the meeting as follows:

根據《香港醫學專科學院條例》，六位幹事經由選舉產生，並履行任期兩年至2024年12月。選舉結果於大會上公布，詳情如下：

Post 職位	Officer 幹事
President 主席	Prof. Gilberto Ka-kit Leung 梁嘉傑教授
Vice-President (General Affairs) 一般事務副主席	Dr. Yu-fat Chow 周雨發醫生
Vice-President (Education and Examinations) 教育及考試事務副主席	Prof. Philip Kam-tao Li 李錦滔教授
Honorary Secretary 名譽秘書	Dr. Wing-cheong Leung 梁永昌醫生
Honorary Treasurer 名譽司庫	Prof. Eric Wai-choi Tse 謝偉財教授
Editor 編輯	Prof. Martin Chi-sang Wong 黃至生教授

## 29<sup>th</sup> Annual Fellowship Conferment Ceremony

The 29<sup>th</sup> Annual Fellowship Conferment Ceremony was held at the Run Run Shaw Hall on 16 December 2022. New Fellows and their families and friends joined the ceremony physically. In 2022, a total of 309 Fellows were conferred.

## 第廿九屆院士頒授儀式

第廿九屆院士頒授儀式（儀式）於2022年12月16日假邵逸夫堂舉行。新院士及親友們親臨醫專大樓參與此年度盛事。醫專在2022年度共納入三百零九位院士。

The conferment ceremony was graced by distinguished guests. 醫專邀得一眾嘉賓參與儀式，生色不少。

## Appreciation and Recognition

The Academy presented plaques of appreciation to the following Ex-Council Members in the ceremony in recognition of their services and contributions:

- Prof. Paul Bo-san Lai\*, Ex Officio Member (September 2016 - September 2019) and Vice-President (Education and Examinations) (December 2020 - December 2022)
- Dr. Thomas Ho-fai Tsang, Ex Officio Member (January 2018 - January 2022)
- Dr. Libby Ha-yun Lee, Ex Officio Member (January 2022 - September 2022)
- Dr. Katherine Chiu-man Leung, Ex Officio Member (December 2021 - December 2022)
- Prof. Tak-yeung Leung, Ex Officio Member (January 2019 - December 2021)
- Dr. Roger Man-kin Ng, Ex Officio Member (December 2018 - December 2022)
- Dr. Heng-tat Leong, Ex Officio Member (September 2019 - September 2022)

\*unable to attend the ceremony

## Certificates of Excellence for Distinguished Young Fellows

Certificates of Excellence were also presented to some Distinguished Young Fellows. A total 20 young Fellows were nominated by the 15 Colleges and received the honour.

## Prize for Best Original Paper Award (BOPA)

The award, presented by the Editorial Board of the Hong Kong Medical Journal, encourages high-quality original writing. Awarded author teams in 2022 were as follows:

Awardee 得獎者	Title of the Paper 論文題目
Prof. Jessie Chit-ying Lai and her co-authors 黎哲瑩教授及其共同作者	Effectiveness of a childbirth massage programme for labour pain relief in nulliparous pregnant women at term: a randomised controlled trial
Dr. Ping Geng, Dr. Bingyu Ling and their co-authors 耿平醫師、凌冰玉醫師及其共同作者	THIRD bedside ultrasound protocol for rapid diagnosis of undifferentiated shock: a prospective observational study

## 感謝與嘉許

儀式上，醫專頒贈感謝牌予下列院務委員會前委員，感謝他們服務醫專，並作出貢獻。

- 賴寶山教授－當然委員 (2016年9月至2019年9月) 及教育及考試事務副主席 (2020年12月至2022年12月)
- 曾浩輝醫生－當然委員 (2018年1月至2022年1月)
- 李夏茵醫生－當然委員 (2022年1月至2022年9月)
- 梁超敏醫生－當然委員 (2021年12月至2022年12月)
- 梁德楊教授－當然委員 (2019年1月至2021年12月)
- 吳文建醫生－當然委員 (2018年12月至2022年12月)
- 梁慶達醫生－當然委員 (2019年9月至2022年9月)

\*未能出席儀式

## 傑出年青院士獎狀

醫專亦頒發獎狀予2022年傑出年青院士。二十位年青院士分別由十五分科學院提名，接受榮譽。

## 最佳原創論文獎

《香港醫學雜誌》編輯委員會設立最佳原創論文獎，旨在鼓勵撰寫高質素的原創文章。2022年得獎作者團隊如下：

## Prize for Best Original Research by Young Fellows (BORYF)

The Academy then presented the Prize for Best Original Research by Young Fellows, which aims to recognise excellence in research conducted by young Fellows, to the awardees of the year 2022 listed below.

Medal 獎項	Awardee (Academy College) 得獎者 (分科學院)	Research Title 研究題目
Gold Medal 金獎	Dr. Viola Ying-Tze Chan and her team (Obstetricians and Gynaecologists) 陳嫻紫醫生及其團隊 (婦產科)	Incidence of neonatal sepsis after universal antenatal culture-based screening of group B streptococcus and intrapartum antibiotics: a multicentre retrospective cohort study
Silver Medal 銀獎	Dr. Eugene Yu-hin Chan and his team (Paediatricians) 陳宇軒醫生及其團隊 (兒科)	Long-term efficacy and safety of repeated rituximab to maintain remission in idiopathic childhood nephrotic syndrome: an international study
Bronze Medal 銅獎	Dr. Ting-ting Chan and her team (Physicians) 陳婷婷醫生及其團隊 (內科)	Fatty pancreas is independently associated with subsequent diabetes mellitus development: a 10-year prospective cohort study

## 最佳年青院士原創研究獎

醫專接着頒發最佳年青院士原創研究獎予下列2022年度得獎團隊。此獎項旨在表揚年青院士在研究上的傑出表現。

## Prize for Best Original Research by Trainees (BORT)

Awardees of the Prize for Best Original Research by Trainees 2022 listed below received the prize in the ceremony. This prize aims to recognise excellence in research conducted by doctors during medical or dental specialist training.

## 最佳學員原創研究獎

下列2022年度最佳學員原創研究獎得獎者在儀式上接受獎項。此獎項旨在表揚醫生於接受醫學／牙科專科培訓期間在研究方面取得傑出成績。

Medal 獎項	Awardee (Academy College) 得獎者 (分科學院)	Research Title 研究題目
Gold Medal 金獎	Dr. Lok-ye Choy (Pathologist) 蔡樂怡醫生 (病理科)	Single-molecule Sequencing Enables Long Cell-free DNA Detection and Direct Methylation Analysis for Cancer Patients
Silver Medal 銀獎	Dr. Gabriel Ka-hin Li (Ophthalmologist) 李嘉軒醫生 (眼科)	Comparing functional and vascular layer outcomes of conventional laser photocoagulation and subthreshold micropulse laser treatments for diabetic macular edema: an OCT-angiography study
Bronze Medal 銅獎	Dr. Yuk-fai Lau (Otorhinolaryngologist) 劉毓輝醫生 (耳鼻喉科)	Concurrent hyperbaric oxygen therapy (HBOT) and intratympanic steroid injection (ITS) versus ITS alone as salvage therapy for sudden sensorineural hearing loss (SSNHL) - A randomized controlled trial (RCT)

## 2022 David Todd Oration

David Todd Oration, the most prestigious lecture paying tribute to the Founding President of the Academy Prof. Sir David Todd, was held in conjunction with the ceremony. In 2022, the Academy was honoured to have Dr. Pak-yin Leung, Council Member of City University of Hong Kong and Board Director of the Hong Kong Sports Institute, to be the Orator to deliver an inspiring talk entitled 'Learning from crisis for a better healthcare system'.

## 2022達安輝講座

醫專成立最負盛名的達安輝講座，向創院主席達安輝教授致以崇高的敬意。醫專很榮幸邀請到香港城市大學校董會成員及香港體育學院董事局成員梁栢賢醫生擔任講者，進行以「Learning from crisis for a better healthcare system」為題的演說。

## Council and Committee Reports

### 院務委員會及其他委員會報告

#### Council

The Council comprises 26 members, including 6 Officers, 15 Ex Officio Members (President of each Academy College) and 5 elected Council Members. The work and recommendations from various committees were reported to Council for endorsement. Special items that concern the medical and dental profession as well as the health of the community were also brought to Council for deliberation or advice during the past year.

Number of Council meetings held:  
(09/2022-08/2023)

12

#### 院務委員會

院務委員會由廿六名委員組成，其中包括六名幹事、十五名當然委員（各分科學院院長）以及五名選任委員。院務委員會處理並通過轄下各委員會提交的工作報告及建議，並就不同醫療政策事宜及公眾健康議題進行討論。

院務委員會會議次數：  
(09/2022-08/2023)

12

The Council also made submissions to the Government in response to the healthcare policies or public health concerns. Views from respective Academy Colleges were sought and scope for enhancement were identified. Officials of the Government and representatives of organisations and institutions were invited to meet the Council, mainly to provide background information or share details with members concerning specific agenda items.

#### Exchange of Views on Government's Proposed Legislative Amendments

In September 2022, the Secretary for Health and representatives from the Health Bureau were invited to meet Council members to update the latest progress of the legislative exercise to amend the Supplementary Medical Professions Ordinance (Cap. 359). Members expressed various concerns about the proposed legislative amendments to enable the public to receive healthcare professional services (physiotherapy and occupational therapy) directly without requiring doctors' referrals, as well as to empower Chinese Medicine Practitioners (CMPs) to directly request diagnostic imaging and laboratory tests for patients.

The Academy implemented public education programme and co-organised a joint symposium with Department of Rehabilitation Sciences of the Hong Kong Polytechnic University on safe and effective access to multidisciplinary services.

院務委員會亦不時就香港特區政府倡議的醫療衛生政策及／或涉及公共衛生項目聽取分科學院的意見，並提出可予改善的範疇。相關官員和組織／機構代表亦會獲邀出席會議，向委員闡釋指定議程項目的相關資訊。

#### 就政府提出的條例草案修訂交流意見

在2022年9月，醫務衛生局局長及代表獲邀與院務委員會委員會面，就政府提出修訂《輔助醫療業條例》(第359章)的最新動態交流意見。委員在會上表達意見，提出對容許物理治療師和職業治療師在無須醫生轉介的情況下直接為病人提供服務，以及容許中醫師可轉介病人予放射技師和醫務化驗師進行診斷成像檢測及化驗檢查的憂慮。

醫專推行公眾教育活動，與香港理工大學康復治療科學系合辦「探討多元化醫療服務的安全性與有效性」座談會。

Views were exchanged with some Chinese Medicine counterparts, including the Chinese Medicine Hospital Project Office. The Academy reiterated its support for Western-Chinese Medicine collaboration under a defined scope of services at the Chinese Medicine Hospital and further discussion about the governance mechanism. It was also proposed that a standing committee should be set up, with relevant constituent Colleges engaged.

The Academy also made a formal submission in response to the Government's proposed legislative amendments to the Dentists Registration Ordinance, supporting its increased representation in the Dental Council of Hong Kong.

### New Pathway for Admission of Non-locally Trained Doctors

The Academy looks forward to the implementation of various policies and new measures, ensuring adequate medical manpower in Hong Kong for the provision of quality healthcare services to the community, such as retaining healthcare staff in the public sector, expanding public-private partnership, upgrading hospital hardware facilities and promoting primary healthcare services.

The Medical Registration (Amendment) Bill 2021 was passed in October 2021. The Medical Registration (Amendment) Ordinance 2021 provides a legal framework for Special Registration as a new pathway for non-locally trained doctors to obtain full registration in Hong Kong. This would be an alternative to the existing pathway of passing the Licensing Examination, subject to meeting certain criteria. The Council appreciated the efforts made by the Colleges concerned to amend their respective training guidelines and / or admission requirements.

Following the creation of the new pathway, the Council reviewed and agreed that the same vetting mechanism and criteria should be adopted for both Certification for Specialist Registration (CSR) and Certification for Specialist Qualification (CSQ), and supported to improve transparency of information available to the applicants and the public.

醫專分別與中醫界團體及中醫醫院發展計劃辦事處代表交流，表示支持中西醫學結合，但須符合中醫醫院轄內既定範圍，並就管治機制作進一步討論，包括探討成立常設委員會並邀請分科學院參與。

就政府提出《牙醫註冊條例》的修訂建議，醫專亦提交意見書，支持增加其在香港牙醫管理委員會的代表議席。

### 引入非本地培訓醫生的新途徑

醫專期望政府實施各項政策及推展改善工作，確保香港醫療人手充足以提供高醫療服務，如挽留公營醫護人員、促進公私營協作計劃、提升醫院硬件設施及推動基層醫療等。

《2021年醫生註冊(修訂)條例草案》於2021年10月正式通過，為合資格的非本地培訓醫生另闢途徑，讓他們在符合特定條件下，無須通過執業資格試，便能夠在香港取得正式註冊資格。院務委員會欣悉分科學院均積極配合，着力調整及更新相關培訓指引及納入專科培訓學員要求。

隨着引入新途徑，院務委員會檢視及同意在審核非院士專科註冊資格和非院士專科資格申請時，均需跟隨相同標準，並提高相關標準資訊的透明度。

The Council noted the report findings on the Healthcare Manpower Projection Exercise announced by the Government. It would continue to maintain dialogue with the Bureau and the Hospital Authority, such as the proposed mandatory service obligation in the public healthcare sector, aiming to achieve balance between supply and demand for quality assurance of patient care.

### Assuring Standards of Specialist Education and Training

The Academy has been in the progress of setting up an education office committed to strengthening specialist training and assessment system. The Educationist was reappointed for a period of 3 years and could assist individual Colleges with the overall planning of curriculum development and other educational matters, as well as executive effective implementation of quality assurance mechanism.

### Continuous Efforts in Cultivating Professionalism and Ethics in Medical and Dental Practice

Established in 2019, the Professionalism and Ethics Committee has made significant progress. A new set of Best Practice Guidelines (BPG) on the Use of Social Media by Doctors and Dentists was formulated and promulgated while the BPG on Expert Witness was being finalised. A preliminary draft for the BPGs on Advance Directives was also compiled, subject to confirmation following the passage of the Advance Directives Ordinance.

Following the promulgation of the BPG on Genetics and Genomics, the Academy in collaboration with the Hong Kong Genome Institute launched a research grant, HKAM-HKGI Research Excellence Grants in Genomic Medicine, in May 2023. The grant aims to encourage and inspire research in genetics and genomics, and to fuel the talent pool for Hong Kong.

In response to the latest development of artificial intelligence, the Council endorsed a set of principles and guidelines, the 'Policy on using Large Language Model (LLM) or similar technologies in written assignments of specialist trainees', for Academy Colleges and specialist trainees to observe. The Task Force on Artificial Intelligence would also study and monitor the impact of the advanced tools on the specialist training.

院務委員會知悉政府公布醫療人力需求的推算結果，將繼續與局方及醫院管理局保持密切對話，討論包括公立醫療系統提供強制服務的議題，旨在平衡病人護理的供求以保證病人護理的質素。

### 保證專科教育及培訓水平

醫專繼續籌備設立教育辦公室，加強現行專科培訓、評核制度以及相關事務。教育專員新任期為三年，可協助規劃分科學院培訓課程和其他教育方面的發展，推進和有效地實施監測培訓水平之機制。

### 持續培養醫生及牙醫執業的道德倫理及專業精神

自2019年成立以來，專業及道德倫理委員會的工作進展良好，制訂並發布《社交媒體應用的良好作業指引》。《專家證人的良好作業指引》的審視工作正進入最後階段，而《預設醫療指示的良好作業指引》初稿經已制訂，待有關條例草案通過後再作定論。

隨着發布《遺傳學及基因組學的良好作業指引》，醫專與香港基因組中心於2023年5月設立研究獎項「基因組醫學卓越研究獎」，鼓勵有志於遺傳學和基因組學發展的年青醫生及專科培訓學員進行相關研究，藉此推動科研，培育人才。

人工智能科技發展不斷進步，院務委員會制訂一套「使用大型語言模型或相關技術輔助寫作作業」的指引，予分科學院及專科培訓學員遵守並跟從。人工智能專責小組會密切注視人工智能對專科培訓的影響。

A webinar was organised to discuss issues related to criminal law intervention in the context of gross negligence manslaughter in general. Clarifications from the Department of Justice was sought on what could constitute gross negligence manslaughter resulting from clinical practice. In addition, a structured online course for Expert Witnesses was being conducted.

### Further Strengthening Ties and Collaborations with Regional and International Academic Counterparts

The Academy continues to consolidate international collaborative efforts in raising standards of specialist education and training in the region. Collaborations with different medical organisations including the Academy of Medicine, Singapore, the Academy of Medicine of Malaysia, Korean Academy of Medical Sciences, the Macao Academy of Medicine and the Chinese Medical Association continue.

The SZ-HK Medical Specialist Training Centre, one of the Academy's divisions, has been playing an advisory role in the development of structured specialist training programme in Shenzhen. Some Train-the-Trainer workshops were conducted. In 2023, a total of 57 trainees were admitted for the approved specialist training programme, including Clinical Oncology, Emergency Medicine, Nephrology and Obstetrics and Gynaecology. Some other specialty training programmes are being developed and accredited. The accreditation of training centres has been under good progress.

### Academy's 30<sup>th</sup> Anniversary Marks New Milestone

Year 2023 marks the 30<sup>th</sup> anniversary of the Academy. To celebrate this important milestone, the Academy has launched a series of celebration activities in 2023 with a view to looking back jointly with different stakeholders on the developments and achievements over the past three decades, and looking forward to scale new heights and further reinforce the Academy's unique statutory status in upkeeping standards of specialist training.

醫專舉辦將醫療嚴重疏忽誤殺定為刑事罪行之刑法及有關議題講座，並去信律政司要求闡明有何臨床實踐因素將定罪醫療嚴重疏忽誤殺。此外，專家證人線上課程現已推出。

### 繼續加強與區域和國際教學夥伴的聯繫及協作

醫專繼續與海外學院協作，促進學術交流，提升其在區域內的專科教育及培訓水平。醫專與新加坡及馬來西亞的醫學專科學院、韓國醫學科學院，澳門醫學專科學院及中華醫學會等不同醫學組織維持合作夥伴關係。

醫專透過其支部深港醫學專科培訓中心，以顧問角色在深圳推動規範化專科培訓課程。部份導師培訓課程經已完成。於2023年，共五十七位學員分別被納入四項專科培訓課程，當中包括臨床腫瘤科、急診科、腎內科及婦產科，其他專科培訓課程亦正在開展及核準中。另一方面，認證培訓中心的工作亦進展良好。

### 醫專三十周年邁向新里程

2023年是醫專成立三十周年。為慶祝這個重要的里程碑，醫專在年內推出一系列慶祝活動，與各界共同回顧其三十年來的發展和成果，並一起展望更豐碩的機遇，迎接未來創新發展，進一步鞏固和提升醫專維持專科培訓質素獨有的法定地位。

## Committees

### Education Committee

#### Continuing Medical Education (CME) / Continuous Professional Development (CPD)

The Academy has implemented mandatory CME for its Fellows since 1996. The 9<sup>th</sup> cycle ended on 31 December 2022 with over 98% of Academy Fellows complied with the CME / CPD requirement. 43% of the Fellows obtained 120 points or above.

Since 1 January 2008, all constituent Colleges have capped the passive CME / CPD points being allowed per cycle at 75 points or below. During the 2020-2022 cycle, the Committee also worked hard with the Colleges to formulate the 'Guidelines for CME Accreditation of Online Activities' for safeguarding the quality of online CME / CPD activities under the 'new normal'. Fellows are strongly advised to maintain a balanced CME / CPD profile with a mix of different activities. At the end of the cycle, the Academy has provided the Medical Council / Dental Council of Hong Kong with information of Fellows who are on the Specialist Register and fulfil the CME / CPD requirements, as well as of those who are non-compliant and required to engage in remedial programme. In the 2023-2025 cycle, the Committee endorsed the addition of 'performing trainers' duties' as an accreditable CME / CPD activity apart from 'conducting examinations'. A maximum of 10 points in a cycle can be awarded to recognise the trainer's role.

#### CME Subcommittee

Since 2001, the Medical Council of Hong Kong has launched the 'CME Programme for Practising Doctors who are not taking CME Programme for Specialists'. The Academy has been appointed as Programme Accreditor, Administrator and Provider of the Programme. The CME Subcommittee formed under the Education Committee oversees matters related to the Programme, vets and awards CME points for activities organised by CME providers. The Academy also plans and offers dedicated CME activities for registrants of the Programme every year with support from constituent Colleges.

As of 31 August 2023, 541 doctors registered for the Academy's Programme through the constituent Colleges.

## 委員會

### 教育委員會

#### 延續醫學教育／持續專業發展

自1996年，醫專推行強制性延續醫學教育課程。第九個周期已於2022年12月31日結束，超過百分之九十八的醫專院士符合延續醫學教育的要求。百分之四十三的院士取得一百二十個學分或以上。

自2008年1月1日起，所有醫專分科學院就被動延續醫學教育分數增設上限為每個周期七十五分或以下。在2020-2022年周期，教育委員會跟分科學院制訂舉辦網上教學活動的相關政策，以確保「新常態」下網上教學活動的質素。醫專積極建議院士進修不同類型的延續醫學教育／持續專業發展活動，平衡各方面的發展。周期完結時，醫專會向香港醫務委員會／香港牙醫管理委員會提交專科醫生名冊上已符合延續醫學教育／持續專業發展要求或仍未符合相關要求並須完成補修課程之院士名單及資料。此外，教育委員會通過在《2023-2025年周期的延續醫學教育／持續專業發展指引》中，增設「出任導師培訓職責」為可獲取學分的活動，並制訂相關上限為十分。

#### 延續醫學教育教育小組委員會

香港醫務委員會自2001年起推行普通科醫生自願延續醫學教育計劃。醫專獲香港醫務委員會委任為計劃下的評審單位、管理員及提供者。醫專教育委員會轄下的延續醫學教育小組委員會負責監管計劃之相關事項及審批延續醫學教育課程學分，並在分科學院的支持下，每年特別為此計劃的登記者籌劃及提供延續醫學教育活動。

截至2023年8月31日，五百四十一名醫生通過分科學院向醫專登記參與此計劃。

Although the COVID-19 epidemic continued to pose various kinds of challenges, 3,097 hours of CME activities, including those delivered online and those organised by the constituent Colleges, were available for non-Fellows from 1 September 2022 to 31 August 2023. Details are as follows.

儘管疫情帶來各種挑戰，醫專在2022年9月1日至2023年8月31日期間，向非醫專院士提供合共三千零九十七小時的延續醫學教育活動，當中包括網上教學活動及由分科學院舉辦之課程，詳情如下：

Category 類別	Number of Activities 活動數目	CME Hours 延續醫學教育時數 (小時)
Conference / Lecture / Meeting / Seminar / Symposium 大會／演講／會議／研討會／座談會	1,459	2,457
Course 課程	108	481
Discussion 討論	28	43
Self-study 自修	30	36
Workshop 工作坊	24	80
Total 總數	1,649	3,097

### New Subspecialty

The Academy Council and Education Committee approved and recommended a new subspecialty 'Genetics and Genomics (Medicine)' under the Hong Kong College of Physicians. The recommendation was subsequently accepted by the Education and Accreditation Committee of the Medical Council of Hong Kong in November 2022 for inclusion in the Specialist Register.

### 新增設的亞專科

院務委員會及教育委員會通過及建議為香港內科醫學院新增設一個「遺傳及基因組學 (內科)」亞專科。此建議於2022年11月獲香港醫務委員會的教育及評審委員會接納，上述專科獲列入為專科醫生名冊內的專科之一。

### Progress on Credentialling

The document 'Guidelines on Credentialling for Endovascular Neurointerventional Procedures', which aims to set relevant standards of clinical practice of high-risk procedures involving multiple specialties, was formally issued in January 2022. Application for 'Initial Credentialling for Endovascular Neurointerventional Procedures' is open and will be accepted throughout the year. During July 2022 to January 2023, the Academy has received a total of 11 applications and 4 Fellows were credentialled for Category I — Endovascular Neurointerventional Procedures while 2 Fellows were credentialled for Category II — Neurointerventional Procedures for Acute Ischaemic Stroke.

### 有關資歷認證的進度

《血管內神經介入技術程序資歷認證指引》於2022年1月推行，旨在為涉及不同專科範疇的高風險程序制訂標準，從而增加病人的保護和信心。2022年7月至2023年1月期間，醫專接獲並審核十一份「初始認證程序」申請。當中四位院士取得第一類別「血管內神經介入技術程序」資歷認證和兩位院士取得第二類別「急性缺血性中風介入技術程序」資歷認證。

### Prize for Best Original Research by Trainees (BORT)

This prize aims to recognise excellence in research conducted by doctors during specialist training. The awardees of the 2022 Prize for Best Original Research by Trainees were: Dr. Lok-ye Choy (from College of Pathologists), who won the gold medal for research 'Single-molecule Sequencing Enables Long Cell-free DNA Detection and Direct Methylation Analysis for Cancer Patients'; Dr. Gabriel Ka-hin Li (from College of Ophthalmologists), who won the silver medal for the research 'Comparing functional and vascular layer outcomes of conventional laser photocoagulation and subthreshold micropulse laser treatments for diabetic macular edema: an OCT-angiography study'; Dr. Yuk-fai Lau (from College of Otorhinolaryngologists), who won the bronze medal for the research 'Concurrent hyperbaric oxygen therapy (HBOT) and intratympanic steroid injection (ITS) versus ITS alone as salvage therapy for sudden sensorineural hearing loss (SSNHL) – A randomized controlled trial (RCT)'.

### Certification for Specialist Registration (CSR) / Certification for Specialist Qualification (CSQ)

According to the Medical Registration Ordinance and Dentists Registration Ordinance, any non-Academy Fellow doctor or dentist who wishes to have his / her name included in the Specialist Register of the Medical / Dental Council of Hong Kong must be certified by the Academy to have training and qualification comparable / equivalent to that required of a Fellow in the relevant specialty. An applicant for CSR is also required to submit evidence of his / her CME / CPD to the Academy for vetting.

After the Medical Registration (Amendment) Bill 2021 became effective on 29 October 2021, certain non-locally trained doctors wishing to practise in Hong Kong may apply for special registration as a stepping stone to ultimately obtain full registration in Hong Kong if they meet certain requirements under the Medical Registration Ordinance. In response to the introduction of this new pathway to full registration, the Academy has also introduced the Certification for Specialist Qualification (CSQ) to cater for the need of these applicants in September 2022.

### 最佳學員原創研究獎

此獎項旨在表揚學員於接受專科培訓期間在研究方面取得傑出成績。2022年最佳學員原創研究獎的得獎者包括香港病理學專科學院蔡樂怡醫生，研究題目為Single-molecule Sequencing Enables Long Cell-free DNA Detection and Direct Methylation Analysis for Cancer Patients (金獎)、香港眼科醫學院李嘉軒醫生，研究題目為Comparing functional and vascular layer outcomes of conventional laser photocoagulation and subthreshold micropulse laser treatments for diabetic macular edema: an OCT-angiography study (銀獎)，以及香港耳鼻喉科醫學院劉毓輝醫生，研究題目為Concurrent hyperbaric oxygen therapy (HBOT) and intratympanic steroid injection (ITS) versus ITS alone as salvage therapy for sudden sensorineural hearing loss (SSNHL) – A randomized controlled trial (RCT) (銅獎)。

### 非院士專科註冊資格審核／非院士專科資格審核

根據《醫生註冊條例》和《牙醫註冊條例》，若非醫專院士的醫生或牙醫期望被列入香港醫務委員會／香港牙醫管理委員會之專科醫生名冊，必須經醫專證明其培訓和資格與相關專科之醫專院士的資歷相若或等同。申請專科註冊資格審核的醫生或牙醫亦須向醫專提交其延續醫學教育／持續專業發展活動的證明，以供審批。

《2021年醫生註冊(修訂)條例》於2021年10月29日生效後，非本地培訓醫生如符合相關條件，可申請循特別註冊途徑於本港擔任醫生工作，並獲得正式註冊資格，在港執業。醫專於2022年9月制訂了非院士專科資格審核機制以配合香港醫務委員會有關修訂。

Based on the same vetting standards, both CSR and CSQ aim to assess and facilitate suitably qualified doctors (whether locally registered or not) who have received specialist training outside Hong Kong with professional standard comparable to specialist qualifications recognised by the Academy to obtain applicable registration status and / or practise in Hong Kong.

During September 2022 – August 2023, a total of 8 applications for CSR / CSQ were successfully certified.

### Updates on Accreditation of Training Units, Training Documents, and CME / CPD Guidelines

During the reporting period, the Committee endorsed updates submitted by constituent Colleges on their training units, training documents, and CME / CPD guidelines.

The Academy recognises the rapid development of Large Language Model (LLM) or similar technologies (e.g. ChatGPT) and acknowledges the potentials and limitations of using such generative AI tools in providing information and ideas to assist trainees to complete written assignments for examination or assessment purposes. In order to safeguard the standard of the specialist training provided by constituent Colleges, the Academy has formulated 'Policy on using Large Language Model (LLM) or similar technologies in written assignments of specialist trainees' as the guiding principles for trainees and Colleges in preparation and assessment of written assignments respectively.

### Finance and Investment Committee

The Committee held two regular meetings during the year. It continued its role of monitoring and reviewing the Academy's financial status and cash position, as well as making recommendations to the Academy Council for long-term financial planning. The Committee would continue its role and make suggestions proactively to strive for financial sustainability of the Academy.

Despite the gradual resumption of normalcy from the COVID-19 epidemic, volatility in the stock market was on-going owing to various external factors including the global geopolitical uncertainties. Meanwhile, the interest rate was found rising in general over the period. The Committee has therefore adopted a prudent approach on investment by means of keeping the majority of the Academy's current assets in cash for fixed deposit. The Committee would continue to review and adjust the investment strategy as appropriate.

非院士專科註冊資格審核／非院士專科資格審核均採取相同的審核準則以審批非本地培訓醫生（不論於本地註冊與否）的培訓和資格與相關專科之醫專院士的資歷相若，並協助有關醫生取得註冊資格或在港執業。

2022年9月至2023年8月期間，共八份非院士專科註冊資格審核／非院士專科資格審核的申請成功獲批。

有關培訓單位認證、培訓文件和延續醫學教育／持續專業發展指引的更新報告期內，委員會通過了分科學院就其培訓單位、培訓文件和延續醫學教育／持續專業發展指引所提交的各项更新。

鑒於大型語言模型或類似技術（例如 ChatGPT）急速發展，醫專制定了相關政策以保障分科學院的培訓水平，有關政策可為專科培訓學員和分科學院就使用人工智能工具提供指引。

### 財務委員會

委員會在年內召開了兩次定期會議，持續監察和審視醫專的財務及現金流狀況。委員會就醫專長遠的財務規劃向院務委員會提出建議。委員會將繼續發揮其角色，積極提出意見，以維持醫專財務的可持續性。

儘管2019冠狀病毒病疫情已緩和、社會逐漸復常，股市仍受全球地緣政治等多種外部因素影響而持續波動。在此期間，利率普遍上升。有見及此，委員會採納謹慎的投資方式，將大部分流動資產以現金作定期存款。委員會會繼續檢視和適當地調整投資策略。

## House Committee

### Human Resources

After over 3 years of COVID-19 pandemic, high levels of population immunity have finally dampened the effects of the virus around the world. Like employees in many places, the Secretariat staff gradually returned to work at the Academy Building in more regular hours since mid-2022 with greater resilience and adaptability.

By the third quarter of 2022, a healthy backlog of work and a significant rise in the number of events, examinations, courses etc. reflected a high demand for the Secretariat's services in supporting specialist training and examinations, CME / CPD and other academic activities. Various teams of staff continued to support the Academy's statutory functions, serving over 9,000 Fellows, and supporting the work of the 15 Colleges and looking after the 10-storey Academy Building. There are also a number of special celebratory activities organised to commemorate the Academy's Pearl Jubilee.

To ensure the Academy has a healthy workforce, the management continues to implement family-friendly policies and introduce new benefits targeting staff wellness. During the year, a new Work-from-Home policy was introduced as one of the new normal work-life balance initiatives to enhance the well-being of the staff. Depending on the job nature, some teams can allow members to arrange working from home for a certain number of hours per week to save the time to commute to gain more quality time with their family. Others could work in shifts to ensure sufficient rest days per week.

In 2022, the Academy Council approved the recommendations from the HR Subcommittee to appoint an external HR Consultant to conduct a structured review on staff structure and pay system, which has not been done in such scale before. The exercise, which aims to achieve fair and pragmatic outcomes for retention of good performers and organisational sustainability, commenced in November 2022. After months of review, job evaluations and compensation benchmarking, a report with findings and recommendations was presented to the Officers, and members of the House Committee and HR Subcommittee in mid-2023, and to be endorsed by Council in September 2023. Existing staff benefits will be reviewed and additional provision of fringe benefits / performance-based incentives will

## 內務委員會

### 人力資源

歷時三年多的2019冠狀病毒病疫情過後，隨着人口免疫力增強，病毒衝擊全球的影響最終得以抑制。自2022年中起，與許多機構的員工一樣，秘書處同事以更大的復原和適應力，逐漸更常規地返回醫專大樓工作。

截至2022年第三季，工作出現健康的積壓，而活動、考試、課程等數量顯著增加，反映對秘書處就專科培訓和考試、延續醫學教育／持續專業發展課程和其他學術活動提供的支援服務的需求熱切。秘書處團隊繼續堅守醫專的法定職能為己任，為九千多名院士提供服務，支援十五間分科學院的工作，並有效管理樓高十層的醫專大樓。醫專在2023年籌辦了一系列的特別慶祝活動，慶祝成立三十周年。

為致力維持一支專業和健康的員工團隊，醫專管理層繼續實施多項家庭友善政策，並針對員工身心健康，提供新福利。在本年度內，秘書處推行在家工作政策，作為平衡工作與生活的新常態措施之一，增進員工福祉。個別部門可根據工作性質，允許相關同事每週安排一定工時在家工作，節省通勤時間，從而營造更多與家人在一起的時光。其他員工則可輪班工作，以確保每週有足夠的休息日。

2022年，院務委員會批准人力資源小組委員會的建議，委聘外部人力資源顧問，全面和具規模地審視秘書處員工架構和薪酬制度。這項工作於2022年11月開展，旨在取得公平而務實的結果，以保留優秀員工，促使機構可持續發展。經過數月的審視、職位評估和就薪酬基準進行比對，顧問於2023年中向醫專幹事、內務委員會及其人力資源小組委員會提交了一份詳細的結果和建議報告。院務委員會將於同年9月通過相關內容。儘管薪酬比對結果顯示，與性質相近的機構相比下，現時不同職級的秘書處員工的薪酬水平

be explored and introduced as appropriate from a total rewards perspective to strengthen the Academy's competitiveness, despite findings show that existing remuneration level of different positions is broadly competitive as compared to organisations of similar nature. A survey will also be conducted soon to collect views from staff, engaging them in developing a healthy work environment.

### Maintenance Works at the Academy Building

The Academy has made continued efforts in carrying out necessary repair works to maintain the Academy Building of over 20 years, which include inspection on elevators, fire services and air conditioning systems, as well as rectification of water seepage.

In order to protect the environment, the Academy has implemented several measures in the current year to reduce the electricity consumption of the Academy Building. These measures include closing unnecessary elevators during non-peak hours, adjusting the cooling temperature of the air conditioning system according to the ambient temperature, and replacing the old electrical appliances in the pantry on the sixth to tenth floor of the Academy Building with more energy-efficient and environmentally friendly models.

### Information Technology System

Several enhancement initiatives on audio-visual and information technology were carried out in 2022-2023, including the audiovisual system update in the meeting room on ninth floor of the Academy Building and the public address system update in the Exhibition Hall and the foyer. A brand-new public address system designed to meet the special requirements for examinations was also installed in the examination rooms on the fifth floor.

In April 2023, the Academy upgraded the telephony system of the Academy Building to a cloud-based phone system. Its excellent security and mobility ensured smooth operation of all offices within the Academy Building under the new normal. The Academy also upgraded the storage capacity of the server cluster to meet the digital development needs.

The Academy plans to launch a new comprehensive mobile application, namely 'eHKAM App', by the end of 2023 to replace the 'iCMECPD App' which has been in use for many years. The 'eHKAM App' will include various features exclusively designed for Fellows, such as electronic fellowship card, event

具有相當競爭力。醫專亦將全面檢視現時的員工福利，從總體獎勵角度探討適切地提升附帶福利、績效獎勵的可行性，以加強人力資源競爭力。秘書處將透過問卷收集員工對營造健康工作環境的意見。

### 醫專大樓維修工程

一如既往，醫專安排大樓所需的維修工程，包括電梯、消防及冷氣系統的檢查和滲水維修等，以確保樓齡逾二十年的醫專大樓狀態良好。

為致力保護環境，醫專於本年度制定了多項措施以減少大樓的電力消耗，包括於非繁忙時段關閉非常用的升降機、因應氣溫適當地調節冷氣系統的製冷溫度，以及更換大樓六樓至十樓茶水間內使用多年的電器為更省電的環保型號。

### 資訊科技系統

醫專在2022-2023年內進行了多項提升視聽／資訊科技系統的計劃，包括更新大樓九樓會議室內的影音系統，以及升級展覽廳及邵逸夫堂前廳的廣播系統。因應考試的特別需求而設計的全新廣播系統亦於年內完成安裝並於五樓考試室內投入使用。

醫專於2023年4月將大樓的電話系統升級為雲端式電話系統。系統卓越的安全性及流動性確保醫專大樓內各辦公室在新常態下運作無阻。醫專亦升級了其伺服器叢集的儲存空間，以滿足數碼方面的發展需求。

醫專計劃於2023年年底推出一個名為「eHKAM App」的全新綜合性手機應用程式，以取代已沿用多年的「iCMECPD App」。「eHKAM App」包含多個院士專用的功能，包括電子院士卡、活動出席管理、個

attendance management, personal profile management, and electronic coupon. The mobile application will serve as one of the communication channels between Academy and Fellows, and provide information on various activities, allowing Fellows to stay tuned on the latest news and developments of the Academy anytime, anywhere.

### Membership Services and Benefits

The Academy has always been committed to strengthening the resilience and sense of belonging among Fellows. During 2022-2023, the Social Subcommittee organised various activities that provided opportunities for Fellows to engage in and connect with one another as well as to improve their wellness. Besides the golf tournament and gardening programme, other activities organised by the Subcommittee were also very well attended, such as the sharing by Olympic athlete and barbecue dinner jointly co-organised with the Task Force on Well-being, the family-friendly visit to O-Park and organic farm familiarisation, etc. Tea gatherings were also resumed in 2023 with good participation.

人資料管理及電子優惠券等。手機應用程式內亦提供醫專通訊及各種活動資訊，讓院士隨時隨地掌握醫專的最新動態與發展。

### 會員服務及優惠

醫專一向致力凝聚院士，加強他們對醫專的歸屬感。2022-2023年度期間，社交小組委員會籌辦多元化的活動，聯繫彼此，強化身心靈。除了負責年度高爾夫球比賽及種植計劃外，社交小組委員會亦籌辦其他活動，如與身心健康專責小組合辦的奧運選手分享會與燒烤晚會、參觀有機資源回收中心與農田親子體驗日等，活動均深受歡迎。醫專於2023年恢復舉辦茶敘，反應理想。

Sharing by Olympic athlete Ms. Angel Wong and barbecue dinner  
奧運選手黃曉盈分享會與燒烤晚會

Family-friendly visit to O-Park and organic farm familiarisation  
參觀有機資源回收中心與農田親子體驗日

The Subcommittee also helped organise a number of the Academy's 30<sup>th</sup> anniversary celebratory activities, including the pledge to support Earth Hour initiative, sunset walk with phonetography, exhibition at the Hong Kong Museum of Medical Sciences, tree planting, etc. Details can be found in the relevant section of this report.

The Academy has been soliciting a range of corporate offers for Fellows, including festive delicacies and dining services. Fellows' immediate family members holding Supplementary Cards may also use the Lounge facilities located on the third floor of the Academy Building.

### Advocating Doctors' Well-being

Quality patient care and doctors' well-being go hand in hand. The Academy, assuming a leading role in the medical and dental profession, has promulgated a Well-being Charter committed to cultivating and promoting well-being of Academy Fellows and specialist trainees of its constituent Colleges. The Academy pledges to acknowledge the importance of well-being, to take actions, and to advocate policy changes for improvement of wellness.

The Academy has been advocating doctors' well-being persistently through an 'ASAP approach' — Awareness, Self-care, Ask for help and Promotion of well-being. Over the past year, the Task Force on Well-being implemented different initiatives, which included raising awareness of different levels of work-related burnout through the 'Copenhagen Burnout Inventory' questionnaire, fostering self-compassion and self-focus through mindfulness practice, providing informal mental health support through Peer Support Scheme, etc. Over 40 Academy Fellows received practical skills training provided by the Hong Kong College of Psychiatrists and have become Peer Supporters willing to support Fellows and specialist trainees in need across different specialties on a voluntary basis. The content of the designated webpage ([well-being.hkam.org.hk](http://well-being.hkam.org.hk)) will continue to be enhanced to provide more useful resources.

社交小組委員會亦協助籌辦多項醫專三十周年慶祝活動，當中包括支持「地球一小時」運動、山頂黃昏步行與手機攝影、香港醫學博物館展覽以及植樹等，有關詳情可參閱報告相關章節。

醫專一直為院士搜羅各式企業優惠，包括節日禮品及餐飲服務等。院士的直系親屬現亦可憑附屬卡使用三樓院士軒設施。

### 提倡醫生身心健康

醫生個人身心健康與病人護理質素息息相關。醫專發起《身心健康約章》，承諾加強醫生和專科培訓學員對整全身心健康概念的認知和其重要性，採取相應措施及倡議改變相關政策，以推動關注並促進院士及專科培訓學員的身心健康。

透過推展「ASAP」模式，即認知關注、自助、求助及推廣身心健康，推動身心靈的健康發展。醫專持續提倡醫生個人身心健康的健康發展。醫專持續提倡醫生個人身心健康的健康發展。過去一年，身心健康專責小組致力策劃及推出多項措施，如透過「哥本哈根疲勞量表」問卷量度職場上不同範疇的耗竭水平；推廣靜觀練習，提升專注力；推行同伴支持者計劃提供非正式的精神健康支援。超過四十名醫專院士已完成由香港精神科醫學院提供的技巧培訓課程，成為同伴支持者，並願自發性地向不同專科、有需要的院士及專科培訓學員作出支援。網絡專頁([well-being.hkam.org.hk](http://well-being.hkam.org.hk))的內容亦將不斷更新，提供更多有用資訊。

## Events

These past three years have been incredibly challenging due to the COVID-19 epidemic. With a lot of hard work and support from many individuals, events at the Academy Building were held safely, and as hygienic as possible to comply with various pandemic-related measures. Heartfelt thanks must be given to all the organisers for their cooperation, as well as staff of the building management, cleaning and catering teams who worked closely with the Event Team. Also, with the professional support from the Academy's AV / IT Team, many hybrid and virtual events were held successfully, ensuring that medical education and knowledge exchange could continue uninterrupted during the pandemic.

The third and fourth quarters of 2022 marked a symbolic turning point in the number and format of events when the Government relaxed social distancing measures. Many annual fellowship conferment ceremonies, annual dinners, conferences, and seminars organised by the Academy and its Colleges were successfully held at the Academy Building in semi-full scale. And in the first half of 2023, the Academy Building housed a variety of events, including examinations, conferences, exhibitions, and banquets. Colleges and organisers utilised most of our event venues, marking the first 'full house' since the pandemic. The Academy Building is back to being a hub for organising medical and other events. And in the second quarter of 2023, the Event Team received a location filming booking, which was a positive sign pointing toward gradual recovery.

## 活動

受2019冠狀病毒病疫情影響，過去三年充滿極大挑戰。我們感謝所有努力工作的同儕，他們確保了醫專大樓的活動在一個安全、衛生、舒適的環境中順利完成。我們亦衷心感謝與活動統籌部密切合作的活動主辦機構、設施管理公司及飲食承辦商實施嚴格的衛生預防措施。除此之外，我們還要感謝視聽／資訊科技部支援混合模式活動或是線上活動，確保醫專在疫情期間持續提供醫學教育和知識交流的機會。

在2022年的第三和第四個季度，政府放寬社交距離措施後，活動數量和形式均呈現象徵性的轉折點。醫專及分科學院的院士頒授儀式、周年晚宴、學術會議及研討會等在醫專大樓順利舉行。2023年上半年，醫專大樓內舉辦了各種類型的活動，當中包括考試、會議、展覽和宴會。學院和活動主辦機構充分利用我們大部分活動場地，迎來疫情以來首次「滿座」的場面。醫專大樓再次成為醫學及其他活動的集中地。在2023年的第二個季度，活動統籌部還接受了一項於大樓拍攝電影外景的預訂，反映一切正逐步復常。

Looking ahead, the Event Team estimates that the business volume of events in 2024 will return to pre-pandemic levels. And Fellows can get updates on upcoming events and offers on food and beverages through the eHKAM App, making it easy to keep track of everything. A number of green initiatives will be rolled out to achieve waste reduction and recycling. More details about these initiatives will be available in 2024.

展望將來，活動統籌部預計活動營業額將在2024年恢復至疫情前水平。院士們可透過「eHKAM App」應用程序獲取即將舉行的活動和餐飲優惠的最新信息，輕鬆掌握一切。我們亦將推出多項綠色方案，實現廢物減量和回收。更多的方案詳情將於2024年公布。

### List of Major Activities Organised

#### 已籌辦的主要活動

Event Date (DD/MM/YY) 活動日期(日/月/年)	Event Name 活動名稱	Organiser 主辦機構
12/10/2022	Hong Kong Academy of Medicine and Medical Alumni Golf Tournament 2022 2022香港醫學專科學院及醫學院校友高爾夫球比賽	Hong Kong Academy of Medicine 香港醫學專科學院
12/10/2022	Webinar on Concept, Scope and Applicability of Medical Guidelines issued by the Guardianship Board 網絡研討會：監護委員會發布的醫療指南的概念、範圍和適用性	Hong Kong Academy of Medicine 香港醫學專科學院
28/10/2022	Scientific Symposium on Emergency Medicine 2022 2022急症科學術研討會	Hong Kong College of Emergency Medicine 香港急症科醫學院
19/11/2022	Career Talk on 2023 / 24 Hospital Authority Resident Training Program 2023/24年度醫院管理局駐院醫生培訓計劃－就業講座	Hospital Authority and Hong Kong Academy of Medicine 醫院管理局及香港醫學專科學院
16/12/2022	29 <sup>th</sup> Annual Fellowship Conferment Ceremony and 2022 David Todd Oration 第廿九屆院士頒授儀式及2022達安輝講座	Hong Kong Academy of Medicine 香港醫學專科學院
14-15/01/2023	Tripartite Medical Education Conference 三方醫學教育會議	Hong Kong Academy of Medicine, Faculty of Medicine, The Chinese University of Hong Kong and LKS Faculty of Medicine, The University of Hong Kong 香港醫學專科學院、香港中文大學醫學院及香港大學李嘉誠醫學院

Event Date (DD/MM/YY) 活動日期(日/月/年)	Event Name 活動名稱	Organiser 主辦機構
04/02/2023	Webinar on Medical Manslaughter: An Overview and Case Studies 網絡研討會：醫療誤殺：概述和案例研究	Hong Kong Academy of Medicine and Centre for Medical Ethics and Law, The University of Hong Kong 香港醫學專科學院及香港大學醫學倫理與法律研究中心
19/03/2023	Run / Walk Challenge 'Health for All, Move Forward Together' 「醫專30邁向前」跑步／步行挑戰	Hong Kong Academy of Medicine 香港醫學專科學院
01/04/2023	Symposium on Safe and Effective Access to Multidisciplinary Services 探討多元化醫療服務的安全性與有效性座談會	Hong Kong Academy of Medicine and Department of Rehabilitation Sciences, Faculty of Health and Social Sciences, The Hong Kong Polytechnic University 香港醫學專科學院及香港理工大學醫療及社會科學院康復治療科學系
12/05/2023	Webinar on COVID-19-Related Claims and Complaints in the Healthcare Settings 網絡研討會：醫療機構中與COVID-19相關的索賠和投訴	Hong Kong Academy of Medicine 香港醫學專科學院
20/05/2023	Symposium on Embracing the Era of Genomic Medicine: Research, Training and Clinical Applications 基因組醫學新時代：研究、培訓與臨床應用研討會	Hong Kong Academy of Medicine and Hong Kong Genome Institute 香港醫學專科學院及香港基因組中心

Category 類別	Number of Activities 活動數目
Examinations 考試	122
Hybrid events 混合模式活動	17
Physical events 實體活動	233
Virtual events 線上活動	6
Total 總數	378

Two Academy Colleges hold their 30<sup>th</sup> Anniversary Dinner at the Academy Building.

## Membership Committee

The Academy received 212 nominations for Fellowship from the Academy Colleges between July and December 2022. All nominations were vetted by the Membership Committee and recommended to the Council for approval. Those new Fellows were formally admitted at the Annual General Meeting and conferred at the Ceremony on 16 December 2022.

From January to June 2023, 122 nominations for Fellowship were vetted by the Committee and recommended to the Council for approval. The nominations were formally endorsed at the Extraordinary General Meeting held on 15 June 2023. The Fellowships will be conferred at the Annual Fellowship Conferment Ceremony in December 2023.

## Professionalism and Ethics Committee

The Professionalism and Ethics Committee (PEC) was established in March 2019 to further promote and enhance the standard and practice of medical professionalism and ethics among Academy Fellows and specialist trainees. During this term, PEC has published a set of 'Best Practice Guidelines on the Use of Social Media by Doctors and Dentists'. To keep up with the ever-changing social development, the Task Forces under PEC continued to organise seminars / webinars on topics associated with medical professionalism and ethics. One of the major focuses was to enhance Fellows' understanding of medico-legal issues that may affect their practice.

### Task Force on Advance Directives

#### Best Practice Guidelines on Advance Directives

The Task Force on Advance Directives under the PEC has drafted a set of 'Best Practice Guidelines on Advance Directives'. The draft BPG is being finalised and will be published after the Advance Medical Directive Ordinance that enacted by the Legislative Council comes into effect.

### Task Force on Disclosure, Apology and Alternative Dispute Resolution

A half-day workshop is being planned by the Task Force on Disclosure, Apology and Alternative Dispute Resolution, with the aim to impart to participants the communication skills involved in making disclosure, apology and alternative dispute resolution after a patient safety incident. The workshop is targeted to be organised early next year.

## 會籍委員會

2022年7月至12月期間，委員會共接獲及審核二百一十二份由分科學院提名的院士申請，並提交予院務委員會審批。該批新的院士申請已於2022年12月16日的周年全體大會上通過。新院士在同日舉行的頒授儀式上獲頒授有關資格。

2023年1月至6月期間，委員會共審核一百二十二份院士申請，並提交予院務委員會審批。有關提名已於2023年6月15日舉行之特別會員大會上正式通過。這批院士將於2023年12月舉行的院士頒授儀式上獲頒相關資格。

## 專業及道德倫理委員會

專業及道德倫理委員會於2019年3月成立，致力推廣及提升醫專院士和專科培訓學員在醫學專業及道德倫理方面的水準和實踐。本年度，委員會發布了一份《醫生和牙醫使用社交媒體的良好作業指引》。為配合不斷變化的社會發展，委員會轄下的專責小組繼續舉辦與醫療專業及道德倫理主題相關的研討會／網絡研討會，重點之一是提升院士們對一些可能影響他們執業之相關醫療法律的認知。

### 預設醫療指示專責小組

#### 預設醫療指示的良好作業指引

委員會轄下的預設醫療指示專責小組草擬了一份《預設醫療指示的良好作業指引》。該指引的草案正在定稿中，並將在立法會制定的《預設醫療指示條例》生效後發布。

### 披露、道歉及非訴訟解糾專責小組

披露、道歉及非訴訟解糾專責小組正在籌劃為期半天的研討會，旨在向參與者傳授在患者安全事件發生後如何進行披露、道歉及非訴訟解糾的溝通技巧。該研討會預計於明年初舉辦。

### Task Force on Genetics and Genomics

#### The Launch of HKAM-HKGI Research Excellence Grants in Genomic Medicine

Driven by the Task Force on Genetics and Genomics under PEC, the HKAM-HKGI Research Excellence Grants in Genomic Medicine (the Grants) has been jointly established by the Academy and the Hong Kong Genome Institute (HKGI) to encourage and support initiatives of research in the field of genetic and genomic medicine conducted by young Fellows and higher specialist trainees. A launch event for the Grants was successfully held on 11 May 2023.

Launch event of HKAM-HKGI Research Excellence Grants in Genomic Medicine  
香港醫學專科學院-香港基因組中心基因組醫學卓越研究獎之啟動儀式

### 遺傳學及基因組學專責小組

#### 香港醫學專科學院-香港基因組中心 基因組醫學卓越研究獎的設立

在委員會轄下的遺傳學及基因組學專責小組的推動下，醫專與香港基因組中心聯合設立了香港醫學專科學院-香港基因組中心基因組醫學卓越研究獎，以鼓勵和支持年輕院士和高級專科培訓學員在遺傳和基因組醫學領域所進行的研究。研究獎的啟動儀式已於2023年5月11日成功舉行。

#### Symposium on Embracing the Era of Genomic Medicine: Research, Training and Clinical Applications

A Symposium titled 'Embracing the Era of Genomic Medicine: Research, Training and Clinical Applications' was successfully held on 20 May 2023. Around 150 on-site attendees participated. Co-organised by the Task Force on Genetics and Genomics and Hong Kong Genome Institute, the Symposium invited several renowned international and local experts to discuss cases and offer insights on genomic medicine, ranging from professional training to research and clinical applications.

Representatives from the Academy and HKGI, and guest speakers at the Symposium  
醫專及香港基因組中心代表和研討會演講嘉賓

#### 基因組醫學新時代：研究、培訓與臨床應用研討會

委員會轄下的遺傳學及基因組學專責小組與香港基因組中心於2023年5月20日成功合辦了一場題為「基因組醫學新時代：研究、培訓與臨床應用」的研討會，共有約一百五十名現場的參加者出席。多名國際及本地知名的專家受邀出席本次研討會以參與案例討論並分享他們對基因組醫學的見解，內容涵蓋專業培訓和研究及臨床應用等。

### **Task Force on Laws for Healthcare Practitioners** Best Practice Guidelines for Expert Witnesses

A draft on 'Best Practice Guidelines for Expert Witnesses' has been compiled by Prof. Gilberto Leung, President of the Academy and Co-Chairman of PEC, and Dr. James Chiu, Co-Chairman of PEC and Convenor of the Task Force on Laws for Healthcare Practitioners. The aim is to set out the standards, roles and responsibilities of expert witnesses for the reference of those who are already acting as expert witnesses and those who are considering taking up that role. The draft has been approved by the Task Force. It will be officially published upon endorsement by the PEC, tentatively in late 2023.

### Online Training Course for Expert Witnesses

An online training course for expert witnesses organised by the Task Force on Laws for Healthcare Practitioners under the PEC, with support from the Centre for Medical Ethics and Law of The University of Hong Kong, the Hong Kong Bar Association, the Hong Kong Advocacy Training Council, the Law Society of Hong Kong and the Medical Protection Society, was successfully launched on 5 October 2022. The purpose is to improve the standards of expert witnesses and to encourage Fellows to serve as expert witnesses in healthcare and personal injury cases after receiving structured training. Currently, there are over 160 registrants, and more than 50 of them have successfully completed the course. Certificates will be issued to them.

### Webinar on Concept, Scope and Applicability of Medical Guidelines issued by the Guardianship Board

The Task Force on Laws for Healthcare Practitioners under the PEC organised a webinar on 'Concept, Scope and Applicability of Medical Guidelines issued by the Guardianship Board', in collaboration with the Guardianship Board. The aim is to provide Academy Fellows, specialist trainees, general practitioners, and other healthcare professionals with essential information on the concept, scope and applicability of the revised Medical Guidelines issued by the Guardianship Board. It was successfully held on 12 October 2022, with around 150 attendees from various specialties.

### Webinar on Medical Manslaughter: An Overview and Case Studies

A webinar on 'Medical Manslaughter: An Overview and Case Studies' was co-organised by the Task Force on Laws for Healthcare Practitioners and Centre for Medical Ethics and Law, The University of Hong Kong. This webinar aims at clarifying the legal rules and principles regarding 'medical manslaughter' (i.e., Gross Negligence Manslaughter in a medical context) through the discussion of relevant cases in Hong Kong and the United Kingdom. It was successfully held on 4 February 2023, with over 1,000 attendees from various specialties and medical fields.

### **醫療人員相關法律專責小組** 專家證人的良好作業指引

醫專主席暨專業及道德倫理委員會聯合主席梁嘉傑教授，與專業及道德倫理委員會聯合主席暨醫療人員相關法律專責小組召集人趙承平醫生，共同草議了一份《專家證人的良好作業指引》，旨在列舉作為專家證人的標準、角色和職責以供一些專家證人或有意加入行列的同業參考。該指引草稿已獲醫療人員相關法律專責小組接納，並將在委員會批准後正式發布。暫定發布時間為2023年年底。

### 專家證人線上培訓課程

在香港大學醫學倫理與法律研究中心、香港大律師公會、香港訟辯培訓學會、香港律師會及醫療保障協會的支持下，委員會轄下的醫療人員相關法律專責小組於2022年10月5日成功推出專家證人線上培訓課程。課程目的是提升專家證人的水準，並鼓勵受過特別訓練的院士擔任醫療和人身受傷個案的專家證人。目前已有超過一百六十名院士和專科培訓學員報名參加，當中五十多位已成功修畢課程並將獲頒發證書。

### 網絡研討會：監護委員會發布的醫療指南的概念、範圍和適用性

委員會轄下的醫療人員相關法律專責小組與監護委員會聯合舉辦了一場關於「監護委員會發布的醫療指南的概念、範圍和適用性」的網絡研討會，旨在向醫專院士、專科培訓學員、普通科醫生及其他醫療專業人員提供有關監護委員會發布的修訂版醫療指南的概念、範圍和適用性的重要資訊。研討會已於2022年10月12日順利舉行，約有一百五十名來自各專科的參加者出席。

### 網絡研討會：醫療誤殺：概述和案例研究

委員會轄下的醫療人員相關法律專責小組與香港大學醫學倫理與法律研究中心共同舉辦了一場關於「醫療誤殺：概述和案例研究」的網絡研討會。該研討會旨在通過討論香港和英國相關案例，闡明有關重大醫療過失導致誤殺的法律規則和原則。研討會已於2023年2月4日成功舉行，吸引了超過一千名來自各專科及醫療業界的參加者。

### Webinar on COVID-19-Related Claims and Complaints in the Healthcare Settings

A webinar on 'COVID-19-Related Claims and Complaints in the Healthcare Settings' was organised by the Task Force on Laws for Healthcare Practitioners, aiming to provide an update on medico-legal claims and complaints related to COVID-19 in the healthcare settings, using case studies from the United Kingdom and Hong Kong. With the support from a legal firm, the webinar was successfully held on 12 May 2023 with around 200 participants.

### **Task Force on Social Media**

#### Best Practice Guidelines on the Use of Social Media by Doctors and Dentists

With the increasing use of social media by healthcare practitioners, the Task Force on Social Media under the PEC has developed a set of 'Best Practice Guidelines on the Use of Social Media by Doctors and Dentists', which aims to provide useful information and suggestions on the use of social media. The set of Guidelines was published in January 2023 and has been posted onto the Academy's website.

### **Young Fellows Chapter**

The Academy established the Young Fellows Chapter (YFC) in 2017 with representatives from 15 Academy Colleges, who have been conferred Academy Fellowship within the past 10 years. The aim is to nurture future healthcare leaders by involving young Fellows in various activities and affairs of the Academy, allowing them to better understand the objectives and work of the Academy. The 6<sup>th</sup> term of the Young Fellows Chapter began on 1 July 2022.

Members of the YFC have been supportive of Academy Council's work and actively engaged in discussions of various committees about professional training and educational issues. They were also dedicated to the co-ordination of activities to connect Academy Fellows of different specialties, building ties and strengthening bonds.

There are a number of initiatives and activities organised by the YFC during the year.

1. Continuous launch of the 'Chicken Soup for the Doctor's Soul' aims to enhance doctor's empathy and mental well-being. A number of episodes featured special topics and interviews with honourable guests. Ten audio recordings were launched as of August 2023.

### 網絡研討會：醫療機構中與COVID-19相關的索賠和投訴

委員會轄下的醫療人員相關法律專責小組組織了一場關於「醫療機構中與COVID-19相關的索賠和投訴」的網絡研討會，旨在通過研究英國和香港的案例，提供醫療機構中與COVID-19相關的醫療法律索賠和投訴的最新訊息。在一家律師行的支持下，網絡研討會已於2023年5月12日成功舉辦，共有約二百名參加者。

### **社交媒體專責小組**

#### 醫生和牙醫使用社交媒體的良好作業指引

因應醫療人員的社交媒體使用量日趨上升，委員會轄下的社交媒體專責小組制定了一份《醫生和牙醫使用社交媒體的良好作業指引》，旨在為社交媒體的使用提供實用的信息和建議。該指引已於2023年1月推出並發布到醫專網站。

### **年青院士分會**

醫專於2017年成立年青院士分會，旨在透過鼓勵年青院士參與醫專的活動和事務，讓他們更了解其宗旨及工作，藉以培育年青院士的領導才能。分會成員均由十五間分科學院提名，並於近十年獲頒授院士資格。第六屆年青院士分會於2022年7月1日履新。

年青院士分會成員熱衷參與醫專各委員會的事務，就專業培訓及學術事宜進行討論和交流。分會成員亦積極參與籌備多項聯誼活動，藉以加強醫專院士們的聯繫，提高凝聚力。

報告年內，年青院士分會舉辦了多項新項目和活動。

1. 持續推出「心靈雞湯」的目的是透過分享醫生在行醫路上的故事，關顧醫生的心理健康，為他們帶來更多正能量。分會還製作數輯特別主題的嘉賓專訪。截至2023的8月份，十段錄音已順利推出。

2. Launch of a cross-specialty education video offers the opportunity to learn and share invaluable knowledge across the medial fields. The programme not only expands doctors' knowledge base, but also improves the connectivity of young Fellows and specialists among different Colleges. Insight gained from the videos also helps enhance communications between frontline doctors and patients. Another series of education video on cancer prevention / investigation were released successfully with positive feedback from the audience.

2. 跨專科教育影片提供學習和分享不同醫學領域的寶貴知識的機會，不僅擴闊醫生的知識庫，還促進各分科學院的年青醫生和院士之間的聯繫，也帶給醫生們一些反思，有助增進前線醫生與患者之間的交流，從中獲得更透徹的了解和更多諒解。新一系列關於癌症預防／檢查的教育影片於2022年成功發布，並獲得一致好評。

3. Professional Development and Social Events:

3. 專業發展和社交活動：

- Professional Development Training on Conflict Resolution Workshop aims at improving the communication skills and conflict resolution techniques in crucial situation. Two workshops were held during the year. The training not only enhances Fellows' professional interactions in workplace, but also their personal relationships.
- A Chocolate Tasting Workshop was organised, giving young Fellows an opportunity to satisfy their sweet tooth and learn the benefits and reflection on chocolate's impact on health and ecosystems.

- 專業發展培訓之解決衝突講座旨在提高學員在關鍵情況下的溝通和解決衝突技巧。年內，分會舉辦了兩次培訓課程，不僅有利於院士們在工作間的專業互動，也提昇他們處理工作以外的人際關係技巧。
- 巧克力品嚐工作坊讓院士有機會滿足對甜食的喜愛外，同時也了解巧克力對健康和生態系統的好處和缺點。

4. YFC also organised a 'Green Healthcare in Practice' Webinar which aims at promoting sustainable healthcare practices and the importance of prioritising environmental concerns. Speakers were invited from the Greener NHS, Global Green and Healthy Hospitals and Government of the Hong Kong Special Administrative Region to share their experiences and perspectives about the topic.

4. 年青院士分會還舉辦了「實踐綠色醫療」網絡研討會，推動可持續醫療實踐和優先考慮環境問題的重要性。分會邀請到來自Greener NHS、全球綠色與健康醫院、香港特區政府等講者，就主題分享經驗和看法。

5. A YFC session was also organised during the Tripartite Medical Education Conference, which brought together a diverse range of medical experts to discuss the latest developments of medical education and practice. The session had an incredible turnout, proving it to be an invaluable opportunity for Fellows to stay up-to-date with the latest advancements in their fields.

5. 分會在三方醫學教育會議上負責年青院士專場，匯集不同領域的醫學專家，討論醫療教育和實踐的最新發展。專場獲不少出席者支持，為院士提供寶貴的機會，了解更多各個專科領域的最新發展。

6. YFC also created new contents for its Facebook page, providing Fellows with updates on activities to be organised and connecting them without physical meet-up. YFC would also manage an Instagram account to be launched soon. Stay connected and build a stronger community together.

6. 年青院士分會亦會更新其Facebook專頁內容，提供最新的活動資訊，即使在沒聚會的情況下亦能透過網上連繫院士。分會欣然宣布，Instagram專屬帳戶即將推出，敬請密切留意並共同建立更強大的院士網絡。

## Election

Pursuant to the Hong Kong Academy of Medicine Ordinance, an election has been conducted for five Council members. The election notice and nomination form were sent to all Fellows on 19 June 2023. Five nominations were received by the deadline of 25 August 2023 and particulars of the validly nominated Fellows are as follows:

## 選舉

根據《香港醫學專科學院條例》，五名院務委員會幹事須由選舉產生。醫專於2023年6月19日向所有院士發出選舉通知書及提名表格，提名期至2023年8月25日結束。秘書處共收到五份有效提名表格，獲提名院士的資料如下：

Nominee 獲提名院士	College(s) to which the nominee belongs 所屬分科學院
Dr. Benny Chun-pong Cheng 鄭振邦醫生	Anaesthesiologists 麻醉科
Dr. Julian Chun-yan Fong 方俊仁醫生	Radiologists 放射科
Dr. Hung-to Luk 陸洪滔醫生	Surgeons 外科
Prof. Clement Chee-yung Tham 譚智勇教授	Ophthalmologists 眼科
Dr. Sut-yee Tse 謝雪兒醫生	Family Medicine 家庭醫學

Dr. Wing-cheong Leung  
Honorary Secretary

## The Academy's Divisions / Initiatives

### 醫專支部／項目

香港醫學專科學院出版社  
HONG KONG ACADEMY OF MEDICINE PRESS

### Hong Kong Academy of Medicine Press

The Hong Kong Academy of Medicine Press (Academy Press) was established in October 2002. As an integral part of the Academy, Academy Press publishes medical journals, newsletters, monographs, and congress packages for various Colleges and societies.

#### Publications

The Academy Press currently publishes 6 periodical journals, including the flagship publication, the Hong Kong Medical Journal (HKMJ); the Asian Journal of Gerontology & Geriatrics; the East Asian Archives of Psychiatry; the Hong Kong Journal of Gynaecology, Obstetrics and Midwifery; the Hong Kong Journal of Ophthalmology; and the Hong Kong Journal of Radiology; as well as 2 newsletters: Academy Focus and Eye Opener. The Academy Press was appointed publisher for the conference abstract book of the Hong Kong Orthopaedic Association Annual Congress in 2022, and the Press produced a book titled 'The Yu Family: A Century of Medical Excellence' for the Hong Kong Museum of Medical Sciences in 2023.

#### Hong Kong Medical Journal (HKMJ)

It has been another bustling and fruitful year for the Hong Kong Medical Journal (HKMJ), with the key highlights summarised below.

#### Circulation

As of 31 August 2023, around 1,000 Fellows received the print copy of HKMJ. Together with about 600 members of the Hong Kong Medical Association and other individuals who have subscribed to the printed edition, the total circulation is around 1,700.

### 香港醫學專科學院出版社

香港醫學專科學院出版社（醫專出版社）於2002年10月成立。作為醫專的一部分，醫專出版社為轄下的分科學院和其他醫學組織出版醫學期刊、會員通訊、專題著作及會議刊物等。

#### 出版刊物

醫專出版社目前出版六本醫學期刊，包括旗艦刊物《香港醫學雜誌》（雜誌）、《亞洲老年學及醫學雜誌》、《東亞精神科學誌》、《香港婦產助產科雜誌》、《香港眼科學刊》和《香港放射科醫學雜誌》，以及兩本會員通訊：Academy Focus和《眼界》。醫專出版社於2022年為香港骨科醫學會出版其週年大會論文摘要，於2023年為香港醫學博物館出版《The Yu Family: A Century of Medical Excellence》。

#### 《香港醫學雜誌》

對《香港醫學雜誌》而言，去年度是繁忙而豐盛的一年，其重點發展概述如下。

#### 印刷數量

截至2023年8月31日，約有一千名院士訂閱雜誌的印刷版。連同約六百名香港醫學會會員及個人訂戶訂閱印刷版，《香港醫學雜誌》每期印刷數量約為一千七百本。

### Online Access

All Fellows are enrolled in the e-Alert service (unless they have opted out) and receive an email with the table of contents when each new issue is available online. In the past reporting year, the HKMJ website has enjoyed an average of 36,000 visitors each month.

### Editorial Board

The HKMJ Editorial Board currently has 7 Senior Editors and 52 Editors and Advisors. Each Senior Editor is responsible for coordinating one of the various sections of the Journal. The Editors nominate reviewers and make recommendations regarding the papers submitted. The Advisors offer their professional expertise to provide statistical or methodological guidance for submitted papers, or other aspects of journal management. Under the leadership of the Editor-in-Chief, the Editorial Board establishes and defines the policies of the Journal; makes editorial decisions; and formulates clear guidelines for authors, reviewers, and the editorial office to ensure smooth operation of the Journal. The Editorial Board members are committed to enhancing the quality and relevance of the Journal by expediting articles on current hot topics and applying rigorous methodological review of submitted articles.

### Improving Impact Factor

The Hong Kong Academy of Medicine Press is delighted that the Impact Factor of the HKMJ has again increased. The 2022 Journal Impact Factor is 3.7 (Clarivate Analytics, 2023), and the 2022 CiteScore is 1.9 (Scopus, 2023). Appreciation goes to all Editorial Board members, authors, and reviewers for their unwavering support.

### Successful Award of Contract for Provision of Publication for the Health Bureau

HKMJ has secured the contract for provision of paper / online publication for the dissemination series of the Health Bureau Research Office as Supplements, starting from April 2023 for 3 years.

### 在線閱覽

院士可透過電子提示服務，定時經電子郵箱收取新一期《香港醫學雜誌》目錄（取消接收通知的院士除外）。《香港醫學雜誌》網站於去年度的每月平均訪客人數約為三萬六千名。

### 編輯委員會

目前，編輯委員會（編委會）包括七位高級編輯和五十二位編輯及顧問。高級編輯各自統籌不同類型的醫學論文工作，編輯則負責提名同行評審人並對已提交的論文作出建議，而顧問主要就論文的統計學或研究方法，以及管理期刊等事宜提供專業意見。在總編輯領導下，編委會為雜誌制定政策，決定送審或退稿，以及為作者、同行評審人和編輯部人員制定清晰明確的指引，確保雜誌順利運作。編委會致力提高雜誌的質量和相關性，包括加快處理當前熱門話題之文章和嚴謹審查已提交文章的研究方法。

### 提升中的學術影響力

《香港醫學雜誌》的學術影響力持續提升。2023年科睿唯安期刊引證報告顯示，2022年《香港醫學雜誌》的影響系數為3.7；2023年Scopus期刊評價指標報告顯示2022年《香港醫學雜誌》CiteScore的系數為1.9。醫專感謝編委會、作者和同行評審人的積極參與和貢獻。

### 與醫務衛生局成功簽訂出版合同

《香港醫學雜誌》於2023年4月與醫務衛生局成功簽訂為期三年的出版合同。《香港醫學雜誌》會以增刊形式為醫務衛生局出版其研究成果報告的印刷及網上版。

## Prize for Best Original Research by Young Fellows (BORYF)

The Prize for Best Original Research by Young Fellows was successfully launched in 2019, with an aim to recognise excellence in outstanding research conducted and led by young Fellows. The submissions were assessed by an Evaluation Panel, and the highest-rated abstracts were selected as finalists. Esteemed invited Final Judges assessed the full papers of the five finalists and chose the three final winners. The winners of the 2022 Prize for Best Original Research by Young Fellows were: Dr. Viola Ying-Tze Chan (from College of Obstetricians and Gynaecologists) who won the Gold medal for her team's research 'Incidence of neonatal sepsis after universal antenatal culture-based screening of group B streptococcus and intrapartum antibiotics: a multicentre retrospective cohort study'; Dr. Eugene Yu-Hin Chan (from College of Paediatricians) who won the Silver medal for his team's study 'Long-term efficacy and safety of repeated rituximab to maintain remission in idiopathic childhood nephrotic syndrome: an international study'; and Dr. Ting-ting Chan (from College of Physicians) who won the Bronze medal for her team's research 'Fatty pancreas is independently associated with subsequent diabetes mellitus development: a 10-year prospective cohort study'.

## Training Workshops for Medical Research Skills

Medical research knowledge and skills are essential for the professional advancement of medical practitioners and dentists. Although undergraduate and postgraduate training comprehensively covers the required knowledge and skills for clinical consultation, the Academy takes a leading role in enhancing research capacity and organised training workshops. The workshops covered the following topics: Introduction to research; Performance of research in clinical practice; Analysing data and provision of research recommendations; and Dissemination of research findings. The medical research skills workshop, funded by the Professional Services Advancement Support Scheme (PASS), was successfully conducted in 2021/22. An application for a funding grant to rerun the workshop has been approved by PASS and is anticipated to take place in 2024/25.

## 《最佳年青院士原創研究獎》

《最佳年青院士原創研究獎》設立於2019年，旨在表揚年青院士的卓越學術研究成就。初審小組選出評分最高的五篇文章摘要，繼而由總評審團評審文章全文並選出三名得獎者。2022年得獎者包括（金獎）香港婦產科學院陳嫻紫醫生及其團隊，研究題目為Incidence of neonatal sepsis after universal antenatal culture-based screening of group B streptococcus and intrapartum antibiotics: a multicentre retrospective cohort study、（銀獎）香港兒科醫學院陳宇軒醫生及其團隊，研究題目為Long-term efficacy and safety of repeated rituximab to maintain remission in idiopathic childhood nephrotic syndrome: an international study，以及（銅獎）香港內科醫學院陳婷婷醫生及其團隊，研究題目為Fatty pancreas is independently associated with subsequent diabetes mellitus development: a 10-year prospective cohort study。

## 醫學研究技能培訓工作坊

醫學研究知識和技能對醫生和牙醫的專業發展至關重要。醫專了解本科和研究生的培訓均全面涵蓋臨床諮詢所需的知識和技能，故在提升醫生和牙醫研究能力的範疇中擔任主導角色，積極籌組培訓工作坊。這些工作坊主題涵蓋研究導論、研究於臨床實踐中的功能、數據分析和提供研究建議，以及研究結果的發布。繼2021/22年度舉辦由「專業服務協進支援計劃」(PASS)資助的醫學研究技能培訓工作坊，醫專再次獲得PASS撥款舉辦同類工作坊。該工作坊預計於2024/25年度舉行。

## Hong Kong Jockey Club Disaster Preparedness and Response Institute

Hong Kong Jockey Club Disaster Preparedness and Response Institute (HKJCDPRI) was set up in 2014 to strengthen the preparedness and capabilities of Hong Kong in handling disasters or major emergencies. Led by the Academy and with funding support from The Hong Kong Jockey Club Charities Trust, HKJCDPRI aims to train healthcare professionals, practitioners in non-governmental organisations, teachers, students and the public over the 8-year project period to promote community resilience in Hong Kong, as well as establish the city as a regional hub for disaster preparedness and response training through capacity building and knowledge development.

### Conclusion of the HKJCDPRI Project

After 8 years of smooth operation and remarkable accomplishments of its goals and objectives, HKJCDPRI project was concluded by the end of October 2022, upon completion of the funding period. In concluding the HKJCDPRI Project, the Academy Council commended that the Institute has fulfilled its missions. Over the years, beneficiaries of HKJCDPRI initiatives have included the public, government partners, emergency and disaster responders, medical and healthcare professionals, counsellors and teachers, and students and parents.

### Commemorative Booklet

HKJCDPRI endeavored to complete and deliver the committed deliverables as scheduled. It also produced a commemorative booklet to provide an overview of the project in its past 8 years of operation. The electronic version of the booklet is available from the link: [https://www.hkjcdpri.org.hk/flipbook/commemorative\\_booklet/mobile/index.html](https://www.hkjcdpri.org.hk/flipbook/commemorative_booklet/mobile/index.html)

## 香港賽馬會災難防護應變教研中心

香港賽馬會災難防護應變教研中心(教研中心)於2014年成立,旨在加強香港對災難和重大突發事件的防護及應變能力。教研中心由醫專創立,並得到香港賽馬會慈善信託基金捐助支持。教研中心的目標是在八年計劃期間,為醫護專業人員、非政府組織人員、教師、學生及公眾提供培訓。教研中心不僅以促進社區的災害應變能力為宗旨,更透過建立承載能力和知識發展,使香港成為災難防護應變培訓的地區樞紐。

### 教研中心項目結束

教研中心項目經過八年的順利運作,達到了預期的目標,並於2022年10月底資助期滿後結束。在結束教研中心項目時,院務委員會讚揚中心已履行其使命。多年來,受惠於教研中心防災減災訓練計劃的人士包括公眾、政府夥伴、緊急及災難應變人員、醫護專業人員、輔導員及教師,以及學生和家長。

### 紀念特刊

教研中心致力如期完成和交付承諾的工作,並製作了一本紀念特刊,概述計劃在過去八年的運作情況。小冊子的電子版本可於此連結下載:[https://www.hkjcdpri.org.hk/flipbook/commemorative\\_booklet/mobile/index.html](https://www.hkjcdpri.org.hk/flipbook/commemorative_booklet/mobile/index.html)

Hong Kong Jockey Club  
Innovative Learning Centre  
for Medicine

## Hong Kong Jockey Club Innovative Learning Centre for Medicine

The Hong Kong Jockey Club Innovative Learning Centre for Medicine (HKJC ILCM) was inaugurated in December 2013 to promote innovative learning and research among healthcare professionals to deliver safe and quality patient care. One of the major roles of HKJC ILCM is faculty development for simulation based medical education.

Between September 2022 and August 2023, the HKJC ILCM organised and hosted different training programmes and activities alone or in collaboration with various partners such as Hospital Authority, Academy Colleges and local universities. Participants of those training programmes included Academy Fellows, specialist trainees, nurses, medical students, allied healthcare and paramedical professionals.

### Faculty Development Training Programmes

#### Learning OnLine Educator Course

With the rising demand for online learning under the COVID-19 epidemic, the Learning OnLine (LOL) Educator Course aims to equip educators with theoretical knowledge and technical tools to teach online effectively using virtual education modalities and platforms. Participants are given the opportunity to develop a short training module to practice teaching skills and put their newly learned knowledge to the test during the course. Between September 2022 and August 2023, 3 LOL Educator Courses were held.

## 香港賽馬會創新醫學模擬培訓中心

香港賽馬會創新醫學模擬培訓中心(模擬培訓中心)於2013年12月成立,目的是推動創新醫學模擬學習及研究,培訓醫護專業人員以提供安全及優質的醫護服務。模擬培訓中心的主要角色之一是促進醫學模擬教育導師發展。

在2022年9月至2023年8月期間,模擬培訓中心籌組及主辦,或與多個合作夥伴舉辦不同培訓課程及活動。合作夥伴包括醫院管理局,醫專分科學院及本地大學。課程的主要對象為醫專院士、專科培訓學員、護士、醫科學生、其他專職醫療人員和輔助醫療人員。

### 導師發展培訓課程

#### 學習在線教育課程

在線學習的需求在疫情下持續增加。學習在線教育課程旨在為教育者提供在線學習之理論和實踐工具,讓他們善於使用虛擬教育模式和平台進行有效的在線教學。參與者在課程中以開發一個簡短的培訓單元來練習教學技能並試行所學到的知識。在2022年9月至2023年8月期間,模擬培訓中心共舉辦了三期學習在線教育課程。

## Enhancing Safety in Patients Requiring Sedation or Rapid Tranquillisation

Coorganised with the Hong Kong College of Anaesthesiologists and Hong Kong College of Psychiatrists, the structured course 'Enhancing Safety in Patients Requiring Sedation or Rapid Tranquillisation' (ESR) highlights the requirements and standards for conducting safe sedation, as well as the essential information, knowledge and skills to ensure a safe environment and experience for patients requiring sedation in psychiatry, i.e. rapid tranquillisation (RT). The course nurtures competent instructors with theoretical knowledge and practical skills by utilising simulation scenarios for relevant debriefing skills, and problem-based learning. A total of 6 courses have been held so far since its development in 2021.

HKJC ILCM collaborates with Hong Kong College of Anaesthesiologists and Hong Kong College of Psychiatrists on Enhancing Safety in Patients Requiring Sedation or Rapid Tranquillisation.

患者安全鎮靜策略課程由模擬培訓中心、香港麻醉科醫學院及香港精神科醫學院合辦。

## 患者安全鎮靜策略課程

患者安全鎮靜策略課程由模擬培訓中心、香港麻醉科醫學院及香港精神科醫學院合辦。課程強調實施安全鎮靜程序的要求和標準，並提供重要的信息、知識和技能，確保學員為有需要接受快速鎮靜的精神病患者提供安全的治療環境及治療。該課程運用模擬場景來發展學員復盤技巧，並採用問題導向學習，培訓學員成為理論和實踐兼備的導師。課程首次於2021年展開，至今已共舉辦了六次。

## Comprehensive Simulation Educator Course

The Comprehensive Simulation Educator Course (CSEC) is the key faculty development programme. Designed for healthcare specialists with an interest in using medical simulation as a teaching tool, CSEC provides participants with an understanding of the basic concepts of learner-centered education and essential knowledge to develop competence in planning simulation-based learning activities, scenario development, direction, execution, and debriefing methods. CSEC has been developed and conducted by local faculty since 2016 and it has been endorsed by CMS in Boston since 2018. Favourable reviews and feedback were received from the learners of the previous courses. A total of 5 CSECs were held between September 2022 and August 2023. The HKJC ILCM would continue to run the CSEC on a regular basis.

## 綜合模擬教育導師課程

綜合模擬教育導師課程是模擬培訓中心的重點導師發展課程。課程為有志於模擬教育發展的醫護專業人員而設，目的是讓參加者了解以「學員為本」的教學理念，培養參加者在策劃模擬學習活動、情景設定、指導、執行和復盤方法等各方面的能力。課程由本地導師自2016年起籌劃及講授，一直獲得業界及參加者的高度評價，更自2018年起獲位於波士頓的模擬醫學中心認可。模擬培訓中心於2022年9月至2023年8月期間舉辦共五次綜合模擬教育導師課程，並將繼續定期舉辦此課程。

HKJC ILCM conducts the Comprehensive Simulation Educator Course.  
 模擬培訓中心舉辦綜合模擬教育導師課程。

### Debriefing Skills for Simulation Instructors Course (DSSI)

The Debriefing Skills for Simulation Instructor (DSSI) Course aims to provide the essential knowledge and skills to develop learners' competence in applying different debriefing methods which are commonly used in the simulation training courses. The learners would be able to learn the basic concepts of experiential and learner-centered education, as well as develop skills in a structured approach to debriefing. On completion of the course, the learner is capable of facilitating a simulated scenario and apply adult learning theories in the teaching activity. Six courses were successfully organised during the year, and 18 times have been held since 2018.

### 模擬訓練導師復盤技巧課程

模擬訓練導師復盤技巧課程旨在為參加者提供相關的知識及技能，協助他們掌握及運用模擬訓練中常見的復盤方法。參加者從課程中可了解以「體驗為主」、「學員為本」的教學基本概念，並提升結構性復盤及回饋的技巧。完成課程後，參加者具備帶領模擬訓練的能力，並在教學活動中應用成人學習理論。模擬訓練中心在本年度成功籌辦六次課程，並自2018年起舉辦了共十八次課程。

Debriefing Skills for Simulation Instructors Course is one of the HKJC ILCM's signature courses.  
 模擬訓練導師復盤技巧課程是模擬培訓中心的重點課程之一。

### Workplace-based Assessment Workshop

The Workplace-based Assessment (WBA) Workshop aims to share the principles behind performance review and workplace-based assessment, as well as applications of different methods of feedback and debriefing. In March 2023, HKJC ILCM co-organised the fourth WBA workshop with the Hong Kong College of Orthopaedic Surgeons for Academy Fellows. In the same month, the Centre worked with the Hong Kong College of Anaesthesiologists and the Hong Kong College of Physicians to host the fifth Intensive Care Medicine Workplace-based Assessment Trainer Course. In May 2023, HKJC ILCM collaborated with the Hong Kong College of Otorhinolaryngologists to hold their first workshop. The workshop included both theoretical and experiential learning through lectures, interactive small group practice and discussion sessions.

### 工作間進行評估工作坊

工作間進行評估工作坊旨在分享績效評估與工作間進行評估的原則，以及各種反饋和復盤方法的應用。模擬培訓中心於2023年3月與香港骨科醫學院第四次合辦此工作坊，並與香港麻醉科醫學院和香港內科醫學院在月內第五次聯合舉辦此工作坊。同年5月，中心更首次與香港耳鼻喉科醫學院合作開辦工作坊。工作坊涵蓋理論和體驗學習，包括講座、互動小組練習和討論。

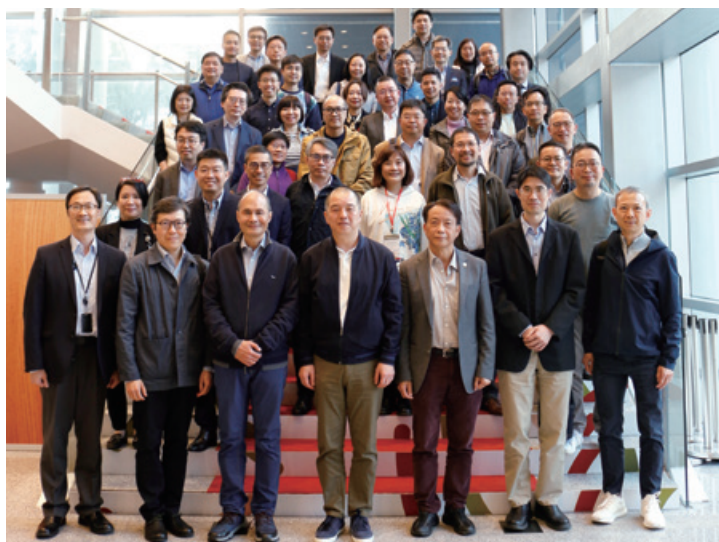

HKJC ILCM collaborates with different Colleges on Workplace-based Assessment Workshop.  
模擬培訓中心與不同醫專分科學院合作舉辦工作間進行評估工作坊。

### Strategic Planning Retreat on Education and Training

A Strategic Planning Retreat was held on 4 March 2023, involving all 15 Colleges to discuss the Academy's role in postgraduate medical education and training. The Retreat focused on key areas such as curriculum development and its on-going review, faculty development, trainer and examiner requirements, training and assessment quality assurance, and effectiveness of Continuing Medical Education / Continuous Professional Development (CME / CPD) provision. A consensus perspective will be published in the Hong Kong Medical Journal, and a roadmap for ongoing monitoring and implementation would be developed.

### 教育及培訓策略規劃集思會

模擬培訓中心於2023年3月4日舉行了策略規劃集思會，十五間分科學院代表出席，並討論醫專在大學本科以上程度之醫學教育和培訓的角色。策略規劃集思會重點關注課程開發及持續檢討、導師發展、培訓導師和考官要求、培訓和評估的質量保證，以及提供延續醫學教育／持續專業發展規定的有效性等範疇。共識經整理後將於《香港醫學雜誌》發布，並制訂一份持續監察和實踐的路線圖。

Representatives from 15 Colleges discuss in the Strategic Planning Retreat.  
十五間醫專分科學院代表在策略規劃集思會進行討論。

## HKJC ILCM Hosts Delegation from Huazhong University of Science and Technology Union Shenzhen Hospital

On 29 May 2023, the HKJC ILCM hosted delegates from the Huazhong University of Science and Technology Union Shenzhen Hospital as part of the “15<sup>th</sup> Shenzhen-Hong Kong Collaboration in Anesthesia Crisis Management and Simulation Program”. A group of around 30 anaesthesiologists and supporting staff received an overview of the HKJC ILCM’s history and development, followed by an exclusive tour, which demonstrated modern facilities such as advanced technical equipment, life-like mannequins and simulated hospital setting. HKJC ILCM successfully initiated the partnership, and the highlights of the visit included commitment to medical simulation education in Hong Kong and mainland china.

## 模擬培訓中心接待華中科技大學協和深圳醫院代表團

模擬培訓中心於2023年5月29日接待來自華中科技大學協和深圳醫院的代表，作為第十五屆深港合作麻醉危機管理模擬培訓的一部分。約三十名麻醉科醫師和支援人員了解模擬培訓中心的歷史和發展概況，並參觀了中心現代化的設施，包括先進的技術設備、栩栩如生的人體模型和醫院模擬環境。模擬培訓中心透過這次活動成功開展合作關係，這次到訪亦凸顯雙方在模擬培訓領域的合作潛力，並反映香港和內地對醫學模擬教育有着同一承諾。

Delegation from the Huazhong University of Science and Technology Union Shenzhen Hospital visits HKJC ILCM  
華中科技大學協和深圳醫院代表團參觀模擬培訓中心。

## Learning Management System of the eHKAM (eHKAM LMS)

eHKAM LMS, a system on the eHKAM Portal, delivers online teaching and learning to Academy Fellows, specialist trainees, medical and dental specialists under Certification for Specialist Registration and other healthcare practitioners. Since its launch in October 2022, eHKAM LMS has more than 3,000 users with registered accounts, and the number is still growing.

To promote the first learning management system established by the Academy, a competition was launched to invite designs of eHKAM logo during the period October-December 2022. After selection by the judging panel, the best design was awarded to Dr. Penny Ping Wu.

The best design of eHKAM logo by Dr. Penny Ping Wu  
由胡平醫生設計、取得最佳設計大獎的eHKAM標誌

Starting from January of 2023, eHKAM LMS has started to provide e-Learning materials and CME / CPD quizzes for Fellows to study and gain CME / CPD points at their own time. And effective from 1 July 2023, iCMECPD has discontinued delivering CME / CPD quizzes, with eHKAM LMS being the sole online provider of e-Learning resources and CME / CPD quizzes. The arrangement aims to provide more extensive online learning features and better user experience. Besides, eHKAM LMS also provides digital record of webinar events organised by the Academy for users to review flexibly according to their individual schedules and needs.

In October 2022, the first online course, a training course for expert witnesses organised by the Academy's Professionalism and Ethics Committee, was launched on eHKAM LMS. This online course features video presentations, legal case studies, self-assessment questions and other learning resources prepared by experienced medical-legal professionals. As of August 2023, more than 160 Fellows and specialist trainees registered for the course to enhance their knowledge and skills of being medical expert witness.

## 醫專學習管理系統

醫專學習管理系統設於醫專全新開發的綜合性資訊管理系統「eHKAM」內，主要為醫專院士、專科培訓學員、非院士專科註冊資格審核下的專科醫生和牙醫，以及其他醫護從業員提供一個網上教學平台。2022年10月成立至今，系統已有超過三千名擁有登記帳戶的用戶，人數持續增加。

為推廣首個由醫專開發的學習管理系統並為eHKAM建立一個具代表性的形象，醫專於2022年10月至12月期間舉辦了eHKAM標誌設計比賽。經過評審委員的甄選，最終由胡平醫生取得最佳設計大獎。

自2023年1月起，醫專學習管理系統開始為院士提供電子學習資源及延續醫學教育／持續專業發展測驗，讓他們可以自主地學習及獲取延續醫學教育／持續專業發展分數。同時，iCMECPD已於2023年7月1日終止向用戶提供延續醫學教育／持續專業發展測驗，改由醫專學習管理系統提供相關功能，以及更多網上學習功能及用戶體驗。除此之外，由醫專舉辦的網絡研討會的錄影亦會上載到系統，讓用戶更靈活地按個人時間表及需要重溫內容。

醫專學習管理系統於2022年10月推出由專業及道德倫理委員會舉辦的首個網上課程－「專家證人培訓課程」。此課程的授課影片、法律個案分析及自我評估測驗等內容均由經驗豐富的醫療法律專家所提供。截至2023年8月，超過一百六十名院士及專科培訓學員報名參加課程，以提升擔任專家證人的知識和技巧。

Training course for expert witnesses on eHKAM  
醫專學習管理系統上的專家證人培訓課程

The Academy has also collaborated with the Hong Kong College of Anaesthesiologists to develop an online course of Basics in Procedural Sedation Safety. This course contains 6 modules, covering topics of patient evaluation, pharmacology, monitoring and adverse events management, etc., and utilises interactive elements to engage participants in the learning process. The pilot run has commenced in August 2023.

醫專亦與香港麻醉科醫學院共同開發一個有關於診斷和治療程序期間施行鎮靜療法的安全概念及知識的網上課程。課程共有六個單元，涵蓋治療前評估、藥物使用、監察病人及應對不良反應的方法等。課程的互動元素有助參加者更投入學習。先導課程已於2023年8月展開。

Basics in Procedural Sedation Safety online course  
於診斷和治療程序期間施行鎮靜療法的安全概念及知識的網上課程

Number of trainers from Academy Colleges has been increasing, with the ability to deliver training materials and improve trainees' learning performance via eHKAM LMS. The Academy would continue to enhance the system functions and adopt new technologies for enhancing medical training outcomes.

來自分科學院、使用醫專學習管理系統進行培訓及提升專科培訓學員的學習成效之導師數目日漸增加。醫專會繼續優化各個系統功能，並採納新技術，以提升醫療培訓成果。

深港醫學專科培訓中心  
SZ-HK Medical Specialist Training Centre

## SZ-HK Medical Specialist Training Centre

### Continued Promotion of the Construction of Medical Specialist Training System in the Greater Bay Area

Since its establishment in 2019, the Centre has become an important institution being responsible for the construction of medical specialist training system in Shenzhen, with the strong support and guidance from the Academy. In the past year, under the guidance of various parties in Hong Kong and mainland China, the Centre has been continuously promoting the development of medical specialist training. Referring to the curriculum system of Academy, the Centre conducted a number of Train-the-Trainer courses and public theory courses for 4 specialties: Clinical Oncology, Emergency Medicine, Nephrology and Obstetrics and Gynaecology, and further established training programmes for Anaesthesiology, Neurosurgery, and Paediatrics. A total of seven medical specialist training programmes will be implemented in Shenzhen by the end of September 2023, including Anaesthesiology, Clinical Oncology, Emergency Medicine, Nephrology, Neurosurgery, Obstetrics and Gynaecology and Paediatrics. In addition, the Centre is actively developing more specialist training programmes of different specialties such as General Surgery, Orthopaedics, and sub-specialties related to Obstetrics and Gynaecology, which will be promoted across the city in the near future.

## 深港醫學專科培訓中心

### 持續推動大灣區醫學專科培訓體系建設

中心自2019年成立以來，在醫專的大力支持及帶領下，成為負責建設深圳醫學專科培訓體系的重要機構。過去一年，中心在香港和內地各方的指導下，持續推動專科培訓發展工作。參考醫專的課程體系，臨床腫瘤科、急診科、腎內科和婦產科四個專科開展了多場導師培訓和學員公共理論課程，並建立麻醉科、神經外科和兒科三個專科培訓的方案。中心在2023年9月底前，於深圳全市推行的專科培訓將達至七個，分別為麻醉科、臨床腫瘤科、急診科、腎內科、神經外科、婦產科和兒科。此外，中心正在積極發展普通外科、骨科與婦產相關亞專科等多個專科，也將於不久的未來向全市推廣。

## Continued Nurture of Effective Trainers with Global Vision

In the past year, with the support of the Academy and its constituent Colleges, the Centre vigorously promoted the specialist training programmes in Shenzhen. The Centre organised more than 25 Train-the-Trainer courses or seminars that involved different specialties for department heads and trainers from 12 major hospitals in Shenzhen, attracting over 520 participants.

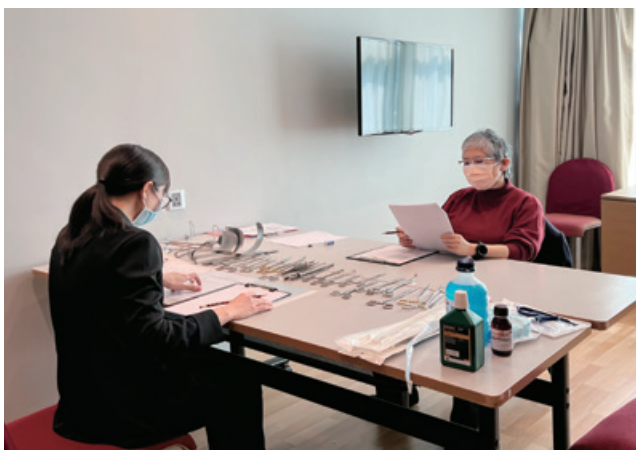

## 持續培養高質素而具備國際視野的專科培訓導師

過去一年，中心在醫專及其分科學院的支持下，於深圳大力推廣專科培訓課程。中心組織了逾二十五場涉及多個專科的培訓課程或研討會予深圳市十二間主要醫院的部門主管和專科培訓導師，參會人次超過五百二十人。

In order to further promote close cooperation between Shenzhen and Hong Kong, and to ensure the quality and standards of medical specialist training and assessment, the Centre organised the Objective Structured Clinical Examination (OSCE) in Obstetrics and Gynecology and Clinical Viva (SOE) in February and April 2023 respectively. Experts from the Hong Kong College of Obstetricians and Gynaecologists were invited to conduct assessments and provide guidance. The Centre also invited key trainers in obstetrics and gynecology from 6 specialist training bases in Shenzhen to participate as observers, and learn from the examination process. The observation allowed them to understand the examination models featuring 6-10 examination stations, which provided useful reference to assessments and management of specialist training in Obstetrics and Gynecology in Shenzhen.

為進一步促進深港兩地的緊密合作、保證專科培訓質素及考核水準，中心分別於2023年2月及4月舉辦婦產科專科培訓客觀結構式臨床考試和臨床口試，邀請香港婦產科學院專家進行考核和指導，並邀請深圳市六間婦產科專科培訓基地的骨幹導師以觀察員身份參與其中，讓他們詳細了解六至十個考站的考核模式及具體內容，為深圳市開展婦產科專科培訓考核和管理提供借鑒。

## Commencement of the First Public Theory Course for Specialist Trainees

Taking reference to Academy's experience and leveraging on its close connections with the international specialist training institutions, Clinical Oncology introduced various advanced courses and new training methods to the mainland china for developing a localised international training system. Under the leadership of the Academy, the Clinical Oncology division has ultimately established a complete training system in Shenzhen, which includes over 200 hours of theoretical training courses and multiple workplace-based assessment tools that are being used for the first time in Shenzhen. The first batch of 17 specialist trainees admitted in Clinical Oncology are currently undergoing training under the Centre's supervision according to the programme. More mainland hospitals and trainees are expected to participate in the programme in the future.

With support from the Academy, Emergency Medicine has incorporated the mature specialist training system from Hong Kong and introduced the internationally recognised concept of comprehensive emergency training into Shenzhen to meet the practical needs of the mainland china. Benefiting from the Academy's structured specialist training curriculum, the Emergency Medicine has established a case-based curriculum in Shenzhen, including 101 different real-life cases and over 250 hours of training.

Currently, the Emergency Medicine admitted 21 specialist trainees from five major hospitals in Shenzhen. The trainees receive clinical training in their respective hospitals, with their training progress supervised by the Centre. The Centre also provides theoretical training sessions every two weeks.

## 首次專科培訓學員公共理論課程正式開展

臨床腫瘤科借鑒醫專豐富的經驗，並透過醫專與各國際專科培訓機構的緊密聯繫，將各種先進課程和新培訓方法引入內地，建立了一套融入內地特色的國際化培訓體系。臨床腫瘤科在醫專的帶領下，在深圳建立了一個完整的培訓體系，包括超過二百課時的理論培訓課程和多項首次在深圳應用的在職考核工具。臨床腫瘤科首批十七名專科培訓學員正按培訓計劃、在中心的監督下進行培訓。未來將會有更多內地醫院和學員參與該項目。

在醫專的支持下，急診科引入香港成熟的專科培訓制度，以及國際認可的全科急診培訓理念至深圳。得益於醫專有系統的專科培訓課程，急診科在深圳建立了一套以案例教學為基礎的課程，當中包含一百零一個不同的實際案例，以及超過二百五十課時。

目前，急診科首批專科培訓學員共二十一人，他們分別來自深圳五間主要醫院。學員在各自醫院接受臨床培訓，並由中心監督培訓進度。中心亦安排每兩週一次的理論培訓課程。

## Honorary Treasurer's Report

### 名譽司庫報告

A deficit of around HKD\$9.2M was recorded for the year ended 31 December 2022. If excluding the approximately HKD\$9.3M depreciation expenses, a marginal operating surplus was resulted. The Academy's overall financial position for income and expenditure of the year was still unfavourably affected by COVID-19 epidemic in 2022. The Council and its Finance and Investment Committee would continue to review and impose appropriate measures to ensure the financial sustainability for the Academy.

At the time of writing the report, the Academy and Hong Kong Academy of Medicine Foundation Fund held a total of cash or its equivalents around HKD \$89M.

On behalf of the Academy, I would like to thank members of the Finance and Investment Committee for their time and effort to help the Academy keep a healthy and sustainable position in its finance.

醫專在2022年度錄得大約九百二十萬港元的赤字，如撇除約九百三十萬港元的折舊支出則錄得輕微的營運盈餘之情況。在2022年，醫專的收入和支出整體財務狀況仍受到2019冠狀病毒病疫情的不利影響。院務委員會及財務委員會將繼續檢視及採取適當的措施，以確保醫專財政的可持續性。

撰寫報告時，醫專及香港醫學專科學院基金會所持的現金或現金等價物共值約為八千九百萬港元。

本人謹代表醫專，衷心感謝財務委員會各委員付出寶貴的時間和努力，協助處理財務及投資事項，使醫專的財政狀況得以保持穩健。

## Opinion

We have audited the consolidated financial statements of Hong Kong Academy of Medicine (“the Academy”) and its structured entity, The Hong Kong Academy of Medicine Foundation Fund (collectively “the Group”) set out on pages 4 to 34, which comprise the consolidated statement of financial position as at 31 December 2022, the consolidated statement of income and expenditure, the consolidated statement of income and expenditure and other comprehensive income, the consolidated statement of changes in reserve and funds and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and have been properly prepared in compliance with the Hong Kong Academy of Medicine Ordinance.

## Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSAs”) issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor’s responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA’s *Code of Ethics for Professional Accountants* (the “Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Information other than the consolidated financial statements and auditor’s report thereon

The council members are responsible for the other information. The other information comprises all the information included in the annual report, other than the consolidated financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**INDEPENDENT AUDITOR'S REPORT TO THE COUNCIL OF  
HONG KONG ACADEMY OF MEDICINE**

香港醫學專科學院

(Established in Hong Kong)

---

(Continued)

**Responsibilities of the council members for the consolidated financial statements**

The council members are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and section 14 of Hong Kong Academy of Medicine Ordinance, and for such internal control as the council members determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the council members are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the council members either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

**Auditor's responsibilities for the audit of the consolidated financial statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 14 of the Hong Kong Academy of Medicine Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the council members.

**INDEPENDENT AUDITOR'S REPORT TO THE COUNCIL OF  
HONG KONG ACADEMY OF MEDICINE**

香港醫學專科學院

(Established in Hong Kong)

---

(Continued)

**Auditor's responsibilities for the audit of the consolidated financial statements (Continued)**

- Conclude on the appropriateness of the council members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the council members regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying notes form an integral part of these consolidated financial statements.

**1. STATUS OF THE ACADEMY**

The Academy was established as a body corporate under the Hong Kong Academy of Medicine Ordinance on 1 August 1992. The principal activities of the Academy are to promote and advance the science of medicine by education and exchange of information as well as to improve the standard of local health care. The Academy has its registered office and principal place of business at 99 Wong Chuk Hang Road, Aberdeen, Hong Kong.

**2. SIGNIFICANT EVENTS IN THE CURRENT REPORTING PERIOD**

The continuing uncertainties around the COVID-19 pandemic for the first half of 2022 but gradually retreated in the second half.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**a) Statement of compliance**

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards (“HKFRSs”), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and accounting principles generally accepted in Hong Kong. A summary of the significant accounting policies adopted by the Academy and its structured entity (together referred to as the Group”) is set out below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group. Note 4 provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for the current and prior accounting periods reflected in these consolidated financial statements.

**b) Basis of preparation of the consolidated financial statements**

The consolidated financial statements for the year ended 31 December 2022 comprise the Academy and The Hong Kong Academy of Medicine Foundation Fund which is a structured entity of the Academy.

The measurement basis used in the preparation of the consolidated financial statements is the historical cost basis except that the following assets are stated at their fair value as explained in the accounting policies set out below:

- financial instruments classified as investments in equity instruments designated at fair value through other comprehensive income (see note 3(h));

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**b) Basis of preparation of the financial statements** (Continued)

The preparation of consolidated financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRSs that have significant effect on the consolidated financial statements and major sources of estimation uncertainty are discussed in note 20.

**c) Basis of consolidation**

The consolidated financial statements incorporate the financial statements of the Academy and the structured entity controlled by the Academy. Control is achieved when the Academy:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### c) Basis of consolidation (Continued)

- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous members' meetings.

Consolidation of a structured entity begins when the Group obtains control over the structured entity and ceases when the Group loses control of the structured entity. Specifically, income and expenses of a structured entity acquired or disposed of during the year are included in the consolidated statement of profit or loss from the date the Group gains control until the date when the Group ceases to control the structured entity.

When necessary, adjustments are made to the consolidated financial statements of structured entity to bring its accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

#### d) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses (see note 3(g)).

- right-of-use assets arising from leases over freehold or leasehold properties where the Group is not the registered owner of the property interest; and
- items of plant and equipment, including right-of-use assets arising from leases of underlying plant and equipment (see note 3(e)).

Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are recognised in profit or loss during the financial period in which they are incurred.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Depreciation is calculated to write off the cost of items of property, plant and equipment using the straight line method over their estimated useful lives as follows:

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**d) Property, plant and equipment (Continued)**

Leasehold land and buildings classified as held under finance leases are depreciated over the shorter of the useful life of the buildings or the unexpired term of the land lease using the straight line method.

Leasehold land and building	25 years
Computer equipment	5 years
Furnitures and fixtures	5 years
Training & office equipment	5 years
Leasehold improvements	5 years

Where parts of an item of property, plant and equipment have different useful lives, the cost of the item is allocated on a reasonable basis between the parts and each part is depreciated separately. Both the useful life of an asset and its residual value, if any, are reviewed annually.

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in the income and expenditure account on the date of retirement or disposal.

Construction in progress include property, plant and equipment in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Academy's accounting policy. Such properties, plant and equipment are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

**e) Leased assets**

At inception of a contract, the Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use.

As a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to the ownership of an underlying assets to the lessee. If this is not the case, the lease is classified as an operating lease. When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. The rental income from operating leases is recognised in accordance with note 3(n). When the Group is an intermediate lessor, the sub-leases are classified as a finance lease or as an operating lease with reference to the right-of-use asset arising from the head lease. If the head lease is a short-term lease to which the Group applies the exemption, then the Group classifies the sub-lease as an operating lease.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**f) Inventories**

Inventories are carried at the lower of cost and net realisable value. Cost is calculated using the weighted average method.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

**g) Credit losses and impairment of assets**

**(i) Credit losses from financial instruments**

The Group recognises a loss allowance for expected credit losses (“ECLs”) on the financial assets measured at amortised cost (including cash and cash equivalents, other receivables and amounts due from group entities).

**Measurement of ECLs**

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all expected cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

The expected cash shortfalls are discounted using the following discount rates where the effect of discounting is material:

- fixed-rate financial assets: effective interest rate determined at initial recognition or an approximation thereof;
- variable-rate financial assets: current effective interest rate;

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

In measuring ECLs, the Group takes into account reasonable and supportable information that is available without undue cost or effort. This includes information about past events, current conditions and forecasts of future economic conditions.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g) Credit losses and impairment of assets (Continued)

(i) Credit losses from financial instruments (Continued)

Measurement of ECLs (Continued)

ECLs are measured on either of the following bases:

- 12-month ECLs: these are losses that are expected to result from possible default events within the 12 months after the reporting date; and
- lifetime ECLs: these are losses that are expected to result from all possible default events over the expected lives of the items to which the ECL model applies.

The Group applies a simplified approach to measure ECL on cash and cash equivalents, other receivables and amounts due from group entities. Under the simplified approach, the Group measures the loss based on lifetime ECL.

Significant increases in credit risk

In assessing whether the credit risk of a financial instrument has increased significantly since initial recognition, the Group compares the risk of default occurring on the financial instrument assessed at the reporting date with that assessed at the date of initial recognition. In making this reassessment, the Group considers that a default event occurs when (i) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (ii) the financial asset is 90 days past due. The Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- failure to make payments of principal or interest on their contractually due dates;
- an actual or expected significant deterioration in a financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- existing or forecast changes in the technological, market, economic or legal environment that have a significant adverse effect on the debtor's ability to meet its obligation to the Academy.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**g) Credit losses and impairment of assets** (Continued)

(i) Credit losses from financial instruments (Continued)

Significant increases in credit risk (Continued)

Depending on the nature of the financial instruments, the assessment of a significant increase in credit risk is performed on either an individual basis or a collective basis. When the assessment is performed on a collective basis, the financial instruments are grouped based on shared credit risk characteristics, such as past due status and credit risk ratings.

ECLs are remeasured at each reporting date to reflect changes in the financial instrument's credit risk since initial recognition. Any change in the ECL amount is recognised as an impairment gain or loss in profit or loss. The Group recognises an impairment gain or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

Basis of calculation of interest income

Interest income recognised in accordance with note 3(n) is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset.

At each reporting date, the Group assesses whether a financial asset is credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable events:

- significant financial difficulties of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- it becoming probable that the borrower will enter into bankruptcy or other financial reorganisation;
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; or
- the disappearance of an active market for a security because of financial difficulties of the issuer.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**g) Credit losses and impairment of assets** (Continued)

(i) Credit losses from financial instruments (Continued)

Write-off policy

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Subsequent recoveries of an asset that was previously written off are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

(ii) Impairment of other non-current assets

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that plant and equipment including right-of-use assets may be impaired or, an impairment loss previously recognised no longer exists or may have decreased.

If any such indication exists, the asset's recoverable amount is estimated:

– Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit).

– Recognition of impairment losses

An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated to reduce the carrying amount of the assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal (if measurable) or value in use (if determinable).

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**g) Credit losses and impairment of assets** (Continued)

(ii) Impairment of other non-current assets (Continued)

– Reversals of impairment losses

An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

**h) Other financial assets**

Investments other than equity investments

Non-equity investments held by the Academy are classified as fair value through profit or loss (FVTPL) when the contractual cash flows of the investment do not represent solely payments of principal and interest. Changes in the fair value of the investment (including interest) are recognised in profit or loss.

Equity investments

An investment in equity securities is classified as FVTPL unless the equity investment is not held for trading purposes and on initial recognition of the investment the Academy makes an irrevocable election to designate the investment at fair value through other comprehensive income (FVTOCI) (non-recycling) such that subsequent changes in fair value are recognised in other comprehensive income. Such elections are made on an instrument-by-instrument basis, but may only be made if the investment meets the definition of equity from the issuer's perspective. Where such an election is made, the amount accumulated in other comprehensive income remains in the fair value reserve (non-recycling) until the investment is disposed of. At the time of disposal, the attributable amount accumulated in the fair value reserve (non-recycling) is transferred to general fund. It is not recycled through profit or loss.

Dividends from an investment in equity securities, irrespective of whether classified as at FVTPL or FVTOCI, are recognised in profit or loss as other income in accordance with the policy set out in note 3(n).

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**i) Receivables**

Receivables are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method, less allowance for impairment of doubtful debts (see note 3(g)(i)), except where the receivables are interest-free loans made to related parties without any fixed repayment terms or the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less allowance for impairment of doubtful debts.

Receivables are stated at amortised cost using the effective interest method less allowance for credit losses (see note 3(g)).

**j) Payables**

Payables are initially recognised at fair value and thereafter stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

**k) Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at a acquisition.

Cash and cash equivalents are assessed for expected credit losses (ECL) in accordance with the policy set out in note 3(g).

**l) Funds managed by the Group**

**i) Foundation fund**

Funds received which is used exclusively for the establishment and use of the Academy at such time as the Academy shall direct are accounted for as Foundation fund.

**ii) General fund**

The fund balance represents the accumulated surplus of the Foundation after deducting the amounts transferred to the Academy and is used to finance the general operations of the Group.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**m) Provisions and contingent liabilities**

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

**n) Revenue recognition**

**Revenue from contracts with customers**

The recognition of revenue from contracts with customers is based on the performance obligations identified in the contracts. Revenue is recognised when (or as) the Group satisfies as a performance obligation by transferring a promised good or service (i.e. an asset) to a customer who obtains the control of the assets:

i) Provision of services

Revenue from provision of services is recognised when the services are rendered.

ii) Entrance fees and subscription fees

Entrance fees are recognised at a point in time, i.e. when the cash is received. Subscription fees are recognised on an accrual basis and recognised over time.

iii) Income from international congress and various functions

Income from international congress and various functions is recognised on an accrual basis and point in time.

**Revenue from other source**

i) Donations and grants

Donations income are recognised upon receipt of cash.

Designated grant are recognised on a systematic basis in the same periods in which the expenses are incurred.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**n) Revenue recognition** (Continued)

**Revenue from other source** (Continued)

ii) Interest income

Interest income is recognised as it accrues using the effective interest method.

iii) Dividends

Dividend income is recognised when the shareholders' right to receive payment has been established.

iv) Rental income

Rental income is recognised in profit or loss in equal instalments over the period covered by the lease term.

**o) Related parties**

a) A person, or a close member of that person's family, is related to the Academy if that person:

- i) has control or joint control over the Academy;
- ii) has significant influence over the Academy; or
- iii) is a member of the key management personnel of the Academy or the Academy's parent.

b) An entity is related to the Academy if any of the following conditions applies:

- i) The entity and the Academy are members of the same Academy (which means that each parent, subsidiary and fellow subsidiary is related to the others).
- ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
- iii) Both entities are joint ventures of the same third party.
- iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
- v) The entity is a post-employment benefit plan for the benefit of employees of either the company or an entity related to the Academy.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**o) Related parties (Continued)**

- b) An entity is related to the Academy if any of the following conditions applies:  
(Continued)
- vi) The entity is controlled or jointly controlled by a person identified in (a).
  - vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
  - viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

**p) Employee benefits**

- i) Short term employee benefits and contributions to defined contribution retirement plans

Salaries, annual bonuses, paid annual leave, contributions to defined contribution plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

Contributions to the Mandatory Provident Funds as required under the Hong Kong Mandatory Provident Fund Schemes Ordinance are charged to the income and expenditure account.

- ii) Termination benefits

Termination benefits are recognised when, and only when, the Group demonstrably commits itself to terminate employment or to provide benefits as a result of voluntary redundancy by having a detailed formal plan which is without realistic possibility of withdrawal.

**q) Translation of foreign currencies**

Foreign currency transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the end of the reporting period. Exchange gains and losses are recognised in profit or loss, except those arising from foreign currency borrowings used to hedge a net investment in a foreign operation which are recognised in other comprehensive income.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**q) Translation of foreign currencies (Continued)**

Non-monetary assets and liabilities measured in terms of historical cost in a foreign currency are translated using the foreign exchange rates ruling at the transaction dates. Non-monetary assets and liabilities denominated in foreign currencies stated at fair value are translated using the foreign exchange rates ruling at the dates the fair value was measured.

The functional and presentation currency of the Academy is Hong Kong dollars.

**r) Government grants**

A government grant is recognised in the statement of financial position initially as deferred income when there is reasonable assurance that it will be received and that the Group will comply with the conditions attached to it. Grants that compensate the Group for expenses incurred are recognised as other operating income on a systematic basis in the same periods in which the expenses are incurred. Grants that compensate the Group for the acquisition of an asset are presented by deducting them from the acquisition cost of the related asset.

**4. CHANGES IN ACCOUNTING POLICIES**

The Academy has applied the *Amendments to References to the Conceptual Framework in HKFRS Standards* and the following amendments to HKFRSs issued by the HKICPA to these financial statements for the first time, which are mandatory effective for the annual period beginning on or after 1 January 2022 for the preparation of the consolidated financial statements:

Amendments to HKFRS 3	Reference to the Conceptual Framework
Amendments to HKAS 16	Property, plant and equipment: proceeds before intended use
Amendments to HKAS 37	Onerous contracts – Cost of fulfilling a contract
Annual improvements to HKFRSs 2018-2020	Amendments to HKFRS 1, HKFRS 9, Illustrative Examples accompanying HKFRS 16, and HKAS 41

The application of amendments to HKFRSs in the current accounting period has had no material effect on the amounts reported and/or disclosures set out in these consolidated financial statements.

**HONG KONG ACADEMY OF MEDICINE**

香港醫學專科學院

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2022****10. PROPERTY, PLANT AND EQUIPMENT (Continued)**

The Academy entered into an agreement with the Hong Kong Special Administrative Region Government for grant by Private Treaty of Aberdeen Inland Lot No. 414 for a term of 50 years less 3 days with effect from 1 July 1997 and on which the headquarters of the Academy were built. The Academy is required to pay an amount equal to 3% of the rateable value per annum, which has been charged to the income and expenditure account.

**11. INTEREST IN A SPECIAL PURPOSE ENTITY**

Details of the special purpose entity are as follows:

Name of the special purpose entity	Form of business structure	Place of incorporation and operation	Principal activity	Proportion of ownership interest held by Academy
The Hong Kong Academy of Medicine Foundation Fund	Incorporated	Hong Kong	Fund raising and investment management	100%

**12. INVESTMENTS IN EQUITY INSTRUMENTS DESIGNATED AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME**

	<u>2022</u> HK\$	<u>2021</u> HK\$
Investments designated at FVTOCI:		
- Equity securities listed in Hong Kong	<u>4,483,002</u>	<u>4,934,040</u>

At 31 December 2022, the amounts comprise equity securities listed in Hong Kong of HK\$4,483,002 (2021: HK\$4,934,040) that are carried at fair value. These investments are not held for trading, instead, they are held for long-term strategic purposes. The council members have elected to designate these investments in equity instruments as at FVTOCI as they believe that recognising short-term fluctuations in these investments' fair value in profit or loss would not be consistent with the Academy's strategy of holding these investments for long-term purposes and realising their performance potential in the long run.

**HONG KONG ACADEMY OF MEDICINE**

香港醫學專科學院

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2022****13. PREPAYMENTS, DEPOSITS AND OTHER RECEIVABLES**

	<u>2022</u> HK\$	<u>2021</u> HK\$
Bank interest receivables	334,307	80,478
Deposits	56,603	56,603
Deposit paid to building management company	800,000	800,000
Function fee receivable	5,633,527	2,481,988

**HONG KONG ACADEMY OF MEDICINE**  
**香港醫學專科學院**  
**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2022**

**15. ACCRUALS AND OTHER PAYABLES (Continued)**

All accruals and other payables are expected to be settled within one year or are repayable on demand.

**16. RESERVE AND FUNDS**

**Movements in components of reserve and funds**

The reconciliation between the opening and closing balances of each component of the Group's consolidated reserve and funds is set out in the consolidated statement of changes in reserve and funds. Details of the changes in the Academy's individual components of reserve and funds between the beginning and the end of the year are set out below:

**The Academy**

	Fair value <u>reserve</u> HK\$	General <u>fund</u> HK\$	<u>Total</u> HK\$
At 1 January 2021	(1,229,270)	92,495,096	91,265,826
Deficit for the year	-	(6,997,476)	(6,997,476)
Other comprehensive loss			
Investments in equity instruments designated at fair value through other comprehensive income:			
Changes in fair value	(544,768)	-	(544,768)
Total comprehensive loss for the year	<u>(544,768)</u>	<u>(6,997,476)</u>	<u>(7,542,244)</u>
At 31 December 2021 and 1 January 2022	(1,774,038)	85,497,620	83,723,582
Deficit for the year	-	(9,385,043)	(9,385,043)
Other comprehensive income			
Investments in equity instruments designated at fair value through other comprehensive income:			
Changes in fair value	(451,038)	-	(451,038)
Total comprehensive loss for the year	<u>(451,038)</u>	<u>(9,385,043)</u>	<u>(9,836,081)</u>
At 31 December 2022	<u>(2,225,076)</u>	<u>76,112,577</u>	<u>73,887,501</u>

Fair value reserve comprises the cumulative net change in the fair value of equity instruments designated at FVTOCI held at the end of the reporting period and is dealt with in accordance with the accounting policy in note 3(h). Funds received are accounted for in the Foundation fund which is used exclusively for the establishment and use of the Academy at such time as the Academy shall direct. General fund represents the cumulative surplus of the Academy.

**HONG KONG ACADEMY OF MEDICINE**  
香港醫學專科學院  
**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2022**

---

**17. CAPITAL MANAGEMENT**

The Group defined all components of reserve and funds as “capital”. On this basis, the amount of capital employed at 31 December 2022 was HK\$88,943,580 (2021: HK\$98,632,595).

The Group’s primary objectives when managing capital are to safeguard the Group’s ability to continue as a going concern.

The Group’s capital structure is regularly reviewed and managed. Adjustments are made to the capital structure in light of changes in economic conditions affecting the Group, to the extent that these do not conflict with the Council’s fiduciary duties towards the Group or the requirements of the Hong Kong Academy of Medicine Ordinance.

The Group was not subject to externally imposed capital requirements in either the current or prior year.

**18. COMMITMENTS**

Lease commitment

**The Academy as lessor**

The Academy’s total future minimum lease payments under non-cancellable operating leases are receivable as follows:

	<u>2022</u> HK\$	<u>2021</u> HK\$
Within 1 year	445,500	463,500
After 1 year but within 5 years	<u>486,000</u>	<u>337,500</u>
	<u>931,500</u>	<u>801,000</u>

The Academy leases out certain areas of its headquarter under operating leases. None of the leases includes contingent rentals.

## 19. FINANCIAL INSTRUMENTS

The Group's major financial instruments include investments in equity instruments designated at FVTOCI, receivables, time deposits, cash and cash equivalents and accruals and other payables. Details of the financial instruments are disclosed in the respective notes. The risk associated with these financial instruments include credit risk, liquidity risk, currency risk, interest rate risk and price risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

### a) Credit risk

The Group's credit risk is primarily attributable to receivables, time deposits and cash and cash equivalents. Management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis.

- i) In respect of the receivables, in order to minimize risk, the management has a credit policy in place and the exposures to these credit risks are monitored on an ongoing basis. Credit evaluations of its debtor's financial position and condition is performed on each and every major debtor periodically. These evaluations focus on the debtor's past history of making payments when due and current ability to pay, and take into account information specific to the debtor. The Group does not require collateral in respect of its financial assets. The Group also takes into account the economic environment in which the debtor operates.
- ii) The investments in equity instruments designated at FVTOCI are liquid securities listed on the recognised stock exchanges. Given their high credit standing, management does not expect any investment counterparty to fail to meet its obligations.
- iii) The credit risk on liquid funds is limited because the counterparties are banks with high credit ratings assigned by international credit - rating agencies.
- iv) The Group does not provide any guarantees which would expose the Group to the credit risk.

### b) Liquidity risk

The Group's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash and readily realisable marketable securities and/or from other groups to meet its liquidity requirements in the short and longer term.

The following liquidity tables show the remaining contractual maturities at the end of reporting period of the Group's non-derivative financial liabilities, which are based on contractual undiscounted cash flows and the earliest date the Group can be required to pay.

Non-derivative financial liabilities			
Accruals and other payables	<u>7,506,425</u>	<u>7,506,425</u>	<u>7,506,425</u>
<b>For the year ended 31 December 2021</b>			
Non-derivative financial liabilities			
Accruals and other payables	<u>5,921,355</u>	<u>5,921,355</u>	<u>5,921,355</u>

**c) Interest rate risk**

The Group is exposed to interest rate risk only to the extent that it earns bank interest on cash and deposits.

The effective interest rates per annum relating to cash at bank and time deposits at the end of the reporting period ranges from 0.01% to 4.85% (2021: 0.01% to 0.68%) for the Group.

**Sensitivity analysis**

At 31 December 2022, it is estimated that a general increase/decrease of 100 basis points in interest rates, with all other variables held constant, would decrease/increase the Group's deficit for the year and increase/decrease the Group's general fund by approximately HK\$686,000 (2021: HK\$774,000). Other components of equity would not be affected (2021: HK\$Nil) by the changes in interest rates.

The sensitivity analysis above has been determined assuming that the change in interest rates had occurred at the end of the reporting period and had been applied to the exposure to interest rate risk for financial instruments in existence at that date. The 100 basis point increase represents management's assessment of a reasonably possible change in interest rates over the period until the end of next reporting period. The analysis is performed on the same basis for 2021.

19. FINANCIAL INSTRUMENTS (Continued)

d) Currency risk

The Group's functional currency is Hong Kong dollars. The Group is exposed to currency risk through cash and bank balances denominated in Renminbi ("RMB") and United States dollars ("USD"). As the Hong Kong dollar ("HKD") is pegged to the USD, the Group does not expect any significant movements in the USD/HKD exchange rate. At 31 December 2022, it is estimated that a general increase or decrease in 5% of exchange rates, with all variables held constant, would decrease/increase the Group's deficit for the year and increase/decrease the Group's general fund by approximately HK\$15,000 (2021: HK\$15,000).

e) Fair values measurement

Fair value hierarchy

The following table presents the fair value of the Group's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, Fair value measurement. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available.
- Level 3 valuations: Fair value measured using significant unobservable inputs.

Financial assets	Fair value as at		Fair value hierarchy	Valuation techniques and key inputs	Significant unobservable inputs
	31 December 2022 HK\$	31 December 2021 HK\$			
<b>Investments in equity instruments designated at FVTOCI</b>					
Listed equity securities	<u>4,483,002</u>	<u>4,934,040</u>	Level 1	Quoted bid prices in an active market	N/A

At 31 December 2022 and 2021, all financial instruments measured at fair value fall into level 1 of the fair value hierarchy described above.

**19. FINANCIAL INSTRUMENTS (Continued)**

**f) Price risk**

The Group is exposed to equity price changes arising from listed equity investments. The Group's listed investments are listed on recognised stock exchange. Listed investments held in the investments in equity instruments designated at FVOCI have been chosen based on their longer term growth potential and are monitored regularly for performance against expectations.

The Council monitors the market price risk of the investments individually and estimated that a 5% increase/decrease in market prices of equity securities at 31 December 2022, with all other variables held constant, would decrease/increase the Group's deficit for the year (and increase/decrease the Group's general fund) and increase/decrease the Group's other components of reserve by HK\$nil and HK\$224,000 respectively (2021: HK\$nil and HK\$247,000 respectively).

**20. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS**

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

**a) Useful lives of property, plant and equipment**

The Group determines the estimated useful lives and related depreciation charges for its items of property, plant and equipment. This estimate is based on the historical experience of the actual useful lives of items of property, plant and equipment of similar nature and functions. Management will revise the depreciation charge where useful lives are different to the ones previously estimated, and it will write-off or write-down technically obsolete or non-strategic assets that have been abandoned or sold.

**b) Measurement of the ECLs for receivables**

The measurement of the expected loss allowance for receivables is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behavior (the likelihood of debtors defaulting and the resulting losses). Further details are set out in note 19(a) Credit Risk.

**21. RELATED PARTY TRANSACTIONS**

In addition to the transactions and balances disclosed elsewhere in these financial statements, the Group entered into the following material related party transaction:

Transactions with key management personnel

All members of key management personnel are the council members of the Academy, and no remuneration was paid to them during the years ended 31 December 2022 and 2021.

**23. POSSIBLE IMPACT OF AMENDMENTS, NEW STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE FOR THE YEAR ENDED 31 DECEMBER 2022**

Up to the date of issue of these financial statements, the HKICPA has issued a number of amendments and a new standard which are not yet effective for the year ended 31 December 2022 and which have not been adopted in these financial statements. These developments include the following which may be relevant to the Group.

	<u>Effective for accounting period beginning on or after</u>
Amendments to HKAS 1, Presentation of financial statements: Classification of liabilities as current or non-current	1 January 2023
Amendments to HKAS 1, Non-current liabilities with covenants	1 January 2024
Amendments to HKAS 1, Presentation of financial statements and HKFRS Practice Statements 2, Marking materiality judgements: Disclosure of accounting policies	1 January 2023
Amendments to HKAS 8, Accounting policies, changes in accounting estimates and errors: Definition of accounting estimates	1 January 2023
Amendments to HKAS 12, Income taxes: Deferred tax related to assets and liabilities arising from a single transaction	1 January 2023
Amendments to HKFRS 10 and HKAS 28 : Consolidation Financial Statements, Investment in Associate and Investment in Joint Venture- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	1 January 2023
Amendments to HKFRS 16, Lease Liability in a Sale and Lease back	1 January 2024
Amendments to HKFRS 17, Insurance contracts	1 January 2023
Amendments to HKFRS 17, Initial application of HKFRS 17 and HKFRS 9 - Comparative Information	1 January 2023

The Academy is in the process of making an assessment of what the impact of these developments is expected to be in the period of initial application. The council members anticipate that the application of the new and amendments or interpretations will have no material impact on the results and the financial position of the Academy.

## Appendix 3

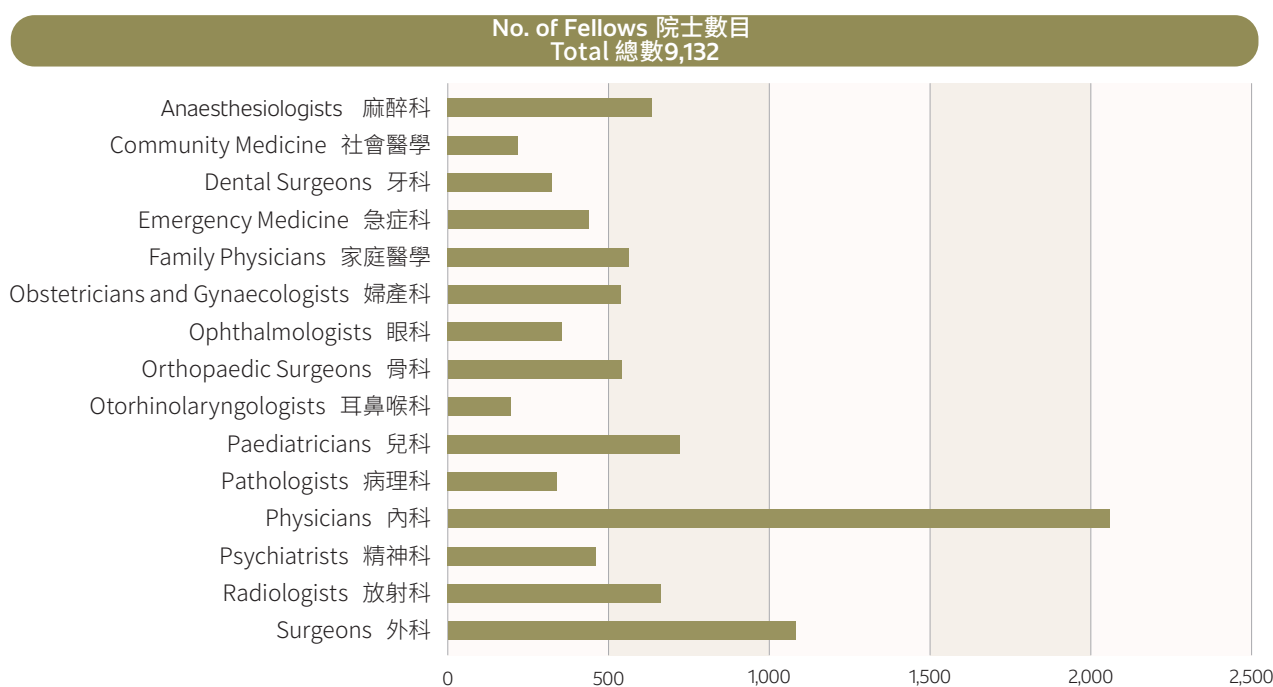

### 附錄三

#### Fellowship Statistics

#### 院士數據

(as of August 2023截至2023年8月)

Academy College 分科學院		No. of Fellows 院士數目
Anaesthesiologists	麻醉科	635
Community Medicine	社會醫學	218
Dental Surgeons	牙科	324
Emergency Medicine	急症科	437
Family Physicians	家庭醫學	564
Obstetricians and Gynaecologists	婦產科	537
Ophthalmologists	眼科	355
Orthopaedic Surgeons	骨科	541
Otorhinolaryngologists	耳鼻喉科	195
Paediatricians	兒科	722
Pathologists	病理科	340
Physicians	內科	2,058
Psychiatrists	精神科	461
Radiologists	放射科	663
Surgeons	外科	1,082
<b>Total</b>	<b>總數</b>	<b>9,132</b>

Note: 81 Fellows possess two or more Fellowships in different specialties.

註：八十一位院士擁有兩個或以上的專科院士資格

## Appendix 4

### 附錄四

#### List of New Fellows in 2022 2022年的新增院士名單

(Names of new Fellows as printed on Hong Kong Identity Cards 院士名稱與香港身份證上所列相同)

#### New Fellows admitted at the Extraordinary General Meeting on 16 June 2022 在2022年6月16日舉行之特別會員大會上納入的新增院士

The following nominations were approved by Council on 16 June 2022 (Total: 97 Fellows).

以下提名已於2022年6月16日獲院務委員會批准 (共97位院士)。

---

##### The Hong Kong College of Anaesthesiologists (7 Fellows)

###### 香港麻醉科醫學院 (7位院士)
